WHOLESALE PRICE LISTS FOR FLORISTS, SEEDSMEN AND NURSERYMEN

SPRING EDITION 1937

THE OUTSTANDING NEW PLANT FOR 1937

BUDDLEIA HARTWEGI is undoubtedly the finest of all the summer flowering Butterfly Bushes. As a summer cutflower plant and as an ornamental lawn shrub it is unsurpassed in beauty and usefulness. The large bright lavender panicles have remarkable substance and harmonize in arrangement with other summer flowers. The flowers do not "sunburn" as do the other Davidii varieties, and the tip flowers on the panicle open before the basal flowers have faded. The individual flowers are closely spaced on the panicles, imparting a compact and pleasing appearance. The foliage is very heavy and is rich dark green.

New Hardy BUDDLEIA HARTWEGI
EXCEPTIONAL FOR CUTFLOWERS

Buddleia Hartwegi is hardier than any of the summer flowering Butterfly Bushes, having lived through the severe winter of 1935-36 without protection and with only slight loss.

Buddleia Hartwegi will be introduced for the first time in 1937, deliveries beginning on January 1, 1937. Plants from 2¼-inch pots, which will flower profusely the first year, will be supplied.

PRICES:

\$3.50 per 12 \$25.00 per 100
\$200.00 per 1000

6 to 25 plants will be supplied at the dozen rate, 25 or more at the 100 rate, 250 or more at the 1000 rate.

It is requested that retail prices be maintained at 75c each, 3 for \$2.00.

One Variety Illustrated on Front Cover

Two Sensational New SNAPDRAGONS for Garden Planting

"Cut and Come Again"

New "Cut and Come Again" Snapdragon
"Saint George"

(See also Front Cover for companion variety)

DWARF ANTIRRHINUM (SNAPDRAGON)

"Royal Rose"

MALMAISON TYPE

(Illustrated on Front Cover)

"Royal Rose" is truly a regal variety. The color is almost impossible to describe and must be seen to be appreciated, for even to say that it is the deepest and richest rose imaginable does not do it justice. There is apparent in every flower that quality of tone and velvet sheen that reminds one of the texture of the Rose.

As with "St. George," the spike is dense; the individual flowers placed closely together. With all confidence we recommend these two varieties. Tr. Pkt. 50c 3 Tr. Pkts. \$1.25

DWARF ANTIRRHINUM SNAPDRAGON

"St. George"

MALMAISON TYPE

"Malmaison" has been acclaimed the finest of all Antirrhinums for bedding. Free-flowering, erect and so sturdy that they stand up against almost any adverse weather condition, these two Novelties, "Royal Rose" and "Saint George" are varieties which can be recommended without hesitation for all purposes to which Antirrhinums lend themselves.

The color of "St. George" is orange-cerise, but of a new shade which makes it absolutely distinct from all other varieties. The spike is dense and the pips are placed closely together, making a perfect general and colorful effect. The individual flowers are large and compare very favorably with any known commercial variety.

Tr. Pkt. 50c 3 Tr. Pkts. \$1.25

SPECIAL NOTE!

If you merchandise small plants to the public for garden planting, don't fail to include the two new Snapdragons listed above. We are sure that they will make friends for you when blooming period comes around.

WHOLESALE PRICE LIST

Spring Edition 1937

21 Years Faithfully Serving The Horticultural Trade

Illustration showing view of our new building in Chicago, occupying approximately 50,000 square feet of space, specially constructed to carry on with our highly specialized lines and assure our clients prompt service.

TERMS OF BUSINESS

Routing: Please give explicit shipping directions with each order, giving name of Freight, Express and Post Office stations. If no directions are given, we will use our best judgment, but all goods travel at purchaser's risk.

Disclaimer: The American Bulb Company gives no warranty, express or implied, as to description, quality, productiveness or any other matter of any seeds (bulbs or plants) it sells and will not be responsible for the crop.

If the customer does not accept the goods on above terms, he must return them at once, and money will be refunded or proper credit given. We exercise, however, the greatest care to fill our orders with the highest quality possible, as it is our constant aim to give our customers fullest satisfaction.

Discounts: On bills for Flower Seeds, Bulbs and Plants a discount of 2 per cent for payment 10 days from date of bill may be deducted: **5 per cent cash discount is allowed on all orders of Flower and Vegetable Seeds only;** 3 per cent on Bulbs when remittance accompanies the order, except items specially quoted or priced. All other goods are strictly net as are also bills for goods supplied under special quotations unless otherwise agreed upon.

Parcel Post: We will be pleased to send such items as can be mailed by Parcel Post; customers to remit for postage. We do not deliver any goods free at Wholesale Prices.

Prices: This list cancels all previous offers. Unknown correspondents desiring to open an account will please furnish three references to parties in the trade with whom they have had credit relations, and sufficient time to investigate same; otherwise cash must accompany order.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance. No perishable stock will be sent C. O. D. All goods are offered subject to crop failures, shortages or other causes beyond our control and to being unsold on receipt of order, and we reserve the right to advance prices without notice.

EARLY ORDERS WILL, WE BELIEVE, PROVE MUTUALLY
ADVANTAGEOUS

THE BETTER GRADE OF BULBS, SEEDS AND PLANTS

OUR extensive resources enable us to say with all sincerity: "We can and will supply you to advantage."

We try to advertise our respective lines fairly and honestly, but all our advertising would be wasted if our stocks did not deliver the performance.

Our prices will be found to be consistent with market values, quality considered, and we qualify "service that will please." We believe you will find it worth while to depend on A. B. C. for your bulb, seed and plant needs.

We await your valued commands.

"Pep up" your "Mum" production
with NEW BLOOD

Through contract arrangement with one of the largest producers in the United States, we are prepared to supply in good season every worth-while "Mum" in commerce in units of 100 to 100,000 (or even as small as 25 of a variety), as all cuttings are propagated from "GUARANTEED HEALTHY PLANTS." This is a real opportunity to "CHANGE YOUR MUM BLOOD" and at prices in conformity with the times. We issue a special catalogue of this line containing all of the older kinds of value, as well as novelties of merit which will enable you to keep "on top" with your Mum production.

This special "Mum" catalogue indicates date of blooming of the various sorts and will be mailed free for the asking.

of Fertilizers.**

A Most Complete Catalog of Hardy Plants

Is yours for the asking. Our spring 1937 edition will be ready about February 15th. If you are not receiving this regularly, you are missing out on a really excellent catalog which you need.

Whether you grow hardy plants for cut flower purposes or for resale, this book will help you to extra profits.

We are listing at reasonable prices an outstanding assortment of good quality hardy plants suitable for floral arrangements and also picture many of the latest designs as suggestions.

Ask us to reserve a copy for you to be mailed as soon as ready. This book also suggests numerous perennials for greenhouse forcing.

A.B.C. "Supreme" Quality FLORISTS' FLOWER SEEDS

Particular attention is called to our offering of American and European Novelties.

TRUSTWORTHY SEEDS

YOU will agree that in your buying of Flower Seeds there is always a grave element of risk; a named variety may prove untrue, or merely a mixture. Such shortcomings cannot be discovered by examination of the seeds delivered by your wholesaler. Whether you have been well served or not is only discernible when complaints or commendation come from your customers, or when your own trials bloom. A.B.C. "Supreme" quality flower seeds for florists and nurserymen are secured from specialist growers the world over and are dependable in every sense of the word. Forty years of flower seed knowledge, and a keen desire to supply our clients with the best strains obtainable suggest, we believe, that the A.B.C. should be a dependable source for your seed needs.

May we have the pleasure of serving you?

Faithfully yours,

AMERICAN BULB CO.

Per A. Miller, Pres.

SPECIAL NOTE: For cash with order we allow special 5% discount on all orders for flower and vegetable seeds. This discount, however, does not apply to other merchandise listed in this book.

(See page 1 for general discounts.)

FLOWER SEEDS ARE NOT A COMPETITIVE PRICE COMMODITY—FLOWER SEEDS ARE A COMPETITIVE QUALITY COMMODITY

A corner in our Florists' Flower Seed Department. Fully qualified for prompt and efficient service to our numerous clients.

How to Improve Germination of Fine Seeds Especially During Hot Weather Season

Mix "Sorbex". (The Finest Peat Organic) with soil in seed flats and pots.

Soil for Seed Flats. A perfect mixture for the tender germinated seedlings is one part "Sorbex" to two parts screened garden loam—by volume. Prepare this mixture several days in advance of sowing seeds to allow the "Sorbex" time to absorb some moisture. If time is a factor, moisten the "Sorbex" somewhat before mixing with the soil.

"SORBEX." Per 10-bushel bag.....\$2.75

Follow this by applying "Formaldehyde" or "Ansul Dust"

What Causes Damping-Off? Few growers realize that such diseases as "Damping-Off" and rots of seedlings are caused by living germs. Disease producing germs live normally in the soil and on seeds. The only successful way of preventing these diseases is to sterilize the soil and disinfect the seed.

(Excerpt from Florists' Review, issue of January 24, 1935)

Formaldehyde for Damping-Off. "Dr. C. E. F. Guterman, of the department of plant pathology (Cornell University) told of recent developments in the control of damping-off of seedlings. The use of formaldehyde for treating soils for seed planting was recommended where it is not possible to use steam as a means of sterilization. It was shown that two scant teaspoons of commercial (forty per cent) formaldehyde mixed with about ten teaspoons of water make sufficient solution to treat one average-size flat of soil. The soil is spread out on the bench and sprinkled with the formaldehyde solution. It is then thoroughly mixed and placed in the flat. After the soil has stood twenty-four hours, the seeds may be planted. One pint of formaldehyde is ample to treat fifty flats of soil.

"Supreme" Quality

Flower Seeds

New Early Flowering Snow White Snapdragon "BEZDEK'S WHITE WONDER"

For Under-Glass Culture. Introduced by A. B. C. New Crop Seed Ready June, 1937

BY FAR the best pure white Snapdragon we have ever seen, possessing long flowering spikes on strong wiry stems. Produces continually throughout the winter months without shattering its flowers. The Chicago Flower Trade having merchandised "White Wonder" for the past two years have invariably de-

clared it the white cut-flower Snapdragon "par excellence". (Advance orders for this valuable new kind are advisable.)

Price of "White Wonder":

The following expressions with regard to "White Wonder" speak for themselves—A. B. C.

EDWARDS, RETAIL FLORIST
Winnetka, Ill.

October 31, 1936.

American Bulb Co., Chicago.

Gentlemen:

We wish to state that we have handled the new snapdragon "White Wonder" in our retail store for some time, and consider that for spacing of flowers, purity of color, and non-shattering qualities it is one of the best we have seen.

Yours very truly,

EDWARDS FLORIST.

JOSEPH FOERSTER COMPANY
WHOLESALE FLORISTS
Chicago

October 26, 1936.

American Bulb Co., Chicago.

Dear Sirs:

I have your letter and in answer to your inquiry as to our opinion of Mr. Bezdek's new snapdragon "White Wonder" I must say that it is the best white snapdragon we have seen so far. White snapdragons, in fact, all white flowers, are in a special demand right along and I feel that this is something that the trade really wants.

Very truly yours,

JOSEPH FOERSTER COMPANY,
Leonard C. Koehler, Mgr.

HLAVACEK FLOWER SHOP
Wilmette, Ill.

October 23, 1936.

American Bulb Co., Chicago.

Dear Sirs:

I at this time thank you for your letter of the 22nd, saying that American Bulb Co. will have the exclusive sales agency on Mr. Bezdek's new snapdragon "White Wonder". We have in the past merchandised this snapdragon for Mr. Bezdek, and feel free in saying that it is the finest in production, its growth along with its snow-white color. There is no other snapdragon I know of that will compare with "White Wonder".

Very truly yours,

HLAVACEK FLOWER SHOP.

Quoting from The Illinois State Florists
Association Bulletin, June, 1936:

"It is the most promising white that we have grown."

Produced by
V. BEZDEK AND SONS
Wilmette, Illinois

HENRY ILG, FLORIST
Winnetka, Illinois

October 26, 1936.

American Bulb Co., Chicago.

Dear Sirs:

In reply to your letter, we have found the "White Wonder" snapdragon to be a good keeper and a pure white flower, and believe it to be one of the leading whites.

Yours truly,

HENRY ILG.

AMLING COMPANY
WHOLESALE CUT FLOWERS
Chicago, Ill.

October 26, 1936.

American Bulb Co., Chicago.

Gentlemen:

Answering your inquiry of the 22nd regarding Mr. Bezdek's new snapdragon "White Wonder," we wish to commend this highly for cut-flower purposes. Mr. Bezdek shipped this snapdragon to us as a cut-flower last season and we found it a very ready seller at a premium. We believe it will make a valuable addition to every commercial grower.

Yours very truly,

AMLING COMPANY,
James Sykora, Mgr.

New Aquilegia Long Spurred Crimson Star

ALL DOUBLE PETUNIA "WORLD BEAUTY" PROVIDES REAL PROFIT FOR THE GROWER

Recent Novelties and Specialties

Acroclinium

New Large-
Flowered
Double Hybrids
(ANNUAL)

The range of color is most remarkable, being especially rich in shades of salmon, apricot, pink, rose and cerise, with white and creamy tones to balance up the pastel mixture. While some of the flowers have a light eye, the majority are enhanced by a boldly contrasting dark center. No florist or market grower should be without these New Large Flowered Double Hybrids.

Tr. Pkt. 25c
1/4 oz. 50c Oz. \$1.50

New Begonia "Dresden 1936"

AMARYLLIS "Diener's Mammoth Hybrids"

Growers should find much of interest in Amaryllis culture from seed and we believe a most favorable surprise from the above named strain is in store for the producer when flowering period arrives. (Seed supplied in Diener's original packets.)

Price 20 seeds. 50c 100 seeds. \$1.50 1 000 seeds. \$10.00

AQUILEGIA CLEMATIFLORA MIXED

Hardy Perennial

"CLEMATIS FLOWERED"

Height: 2 to 3 Feet

This glorious Columbine is absolutely distinct in petal formation. As will be seen from the above illustration, the blooms greatly resemble Clematis flowers.

The plants are of medium height, good compact habit and free flowering whilst the individual blooms are large and solid in petal.

The color range includes delicate pastel shades of pink and blue. Tr. Pkt. 75c

Begonia Gracilis Heterosis "Dresden 1936"

(Benary)

Noted for their regular habit, abundance of flowers and purity in color. The plants grow about 9 ins. high, branch out well and are unusually rich flowerers. The side shoots grow practically as high as the centre spike, thus showing off to the best advantage the luxuriant blossoms. The color of the large loose bundles of numerous medium sized blooms, is a striking brilliant carmine scarlet. The Committee of the large Dresden Exhibition 1936 chose this novelty and the "Tausendschoen" introduced last year, for planting a large central group in the Show. Tr. Pkt. \$1.00

ASTER

New Early Dawn
"Apple Blossom"

They are the first of the early flowering Asters for cutting which are so much in demand. They open at the beginning of July, and flower for many weeks without losing any of their beauty.

The nobly-formed flowers, 4—4½ ins. in diameter, are borne on strong stems about 12 ins. long. They are of healthy and hardy growth. The Early Dawn Aster is vastly superior to the old Queen of the Market. The colors already on the market, White, Rose and Lavender are now joined by Apple Blossom, whose flowers are white to begin with and later change to a delicate pink. A valuable color for decorative purposes. Tr. Pkt. 50c

New Early Dawn Aster "Apple Blossom"

Recent Novelties and Specialties

New Begonia "Snow"

NEW BEGONIA SEMPERFLORENS HETEROSIS "Snow"

This new, snow white, profusely flowering hybrid is outstanding on account of its resistance to heat, drought and excessive moisture. The plants bloom well during unfavorable weather and retain their fresh, pure white appearance. These pure white medium sized flowers show up well against the rosy stems and light green leaves. The bushy plants grow about 10 ins. high. At the official Begonia trials (Germany), this new hybrid proved to be the best white Begonia. Tr. Pkt.....\$1.00

Centaurea (Cornflower) Jubilee Gem

CENTAUREA (CORNFLOWER) "JUBILEE GEM"

(Originators True Strain)

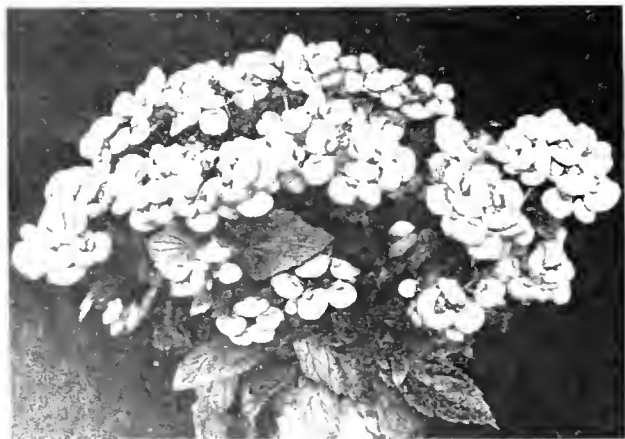

"Jubilee Gem" is a dwarf variety of Cornflower making a compact plant literally covered with flowers. It has foliage distinct from all other Cornflowers, forming a tufted mass of bright green, contrasting well with the dark but vivid double blue flowers. The plant is about 12 ins. in height.

We consider "Jubilee Gem" a Novelty equal in merit to the best of our introductions of the last few years.

Easy to grow, it is "everyone's" flower and is adaptable for almost any purpose to which a plant may be put. The grower for market will welcome it as a pot plant, as also will the amateur with the now very popular cold greenhouse. As an edging plant, a border plant, or for ground work in formal beds of Roses, etc., it will be found admirable; it is a fine cut flower and, above all, it may be sown outside in the autumn for spring flowering, or in the spring for summer flowering, and at intervals if a continuous supply of plants is wanted. Tr. Pkt.....50c

CALCEOLARIA HYBRIDA "FLOWER CLOUD"

indicates its descent from the rugosa type by its extraordinary mass of bloom. Over a hundred "Lady's Slippers" about 1 in. large, on the center stem form large dense bouquets which, joined later by several hundred blossoms on the numerous side shoots, form giant umbels, aptly described as "Clouds." It starts flowering somewhat later than the multiflora nana and earlier than the rugosa Calceolarias and lasts for weeks in undiminished glory. The striking, brilliant light yellow show plants, on an average 12 ins. high, must appear very desirable to every spectator. Besides yellow, there are varying shades of brown and orange. The hardiness of flowers and foliage makes transport easy, and use in the open possible, and increases its value as a market plant. Tr. Pkt....\$1.00

New Calceolaria "Flower Cloud"

Chrysanthemum Yellowstone

Hardy Annual
(SEGETUM DOUBLE)
Height: 2 Feet

This is an entirely new break in Chrysanthemum Segetum. The flowers are of a full double form and are borne on good straight stems. The color of "Yellowstone" is very bright and appealing and similar to the well-known "Eastern Star." It is, in fact, a sport from this latter variety, but the double form of the flower makes the color considerably brighter and more solid in effect. This new "Chrysanthemum" will be welcomed by market growers for cutting.

Tr. Pkt....50c

New Chrysanthemum "Yellowstone"

"PICARDY," THE CUTFLOWER GLADIOLUS "PAR-EXCELLENCE"

Recent Novelties and Specialties

New Cosmos "Sensation"

This Mammoth Early Flowering Cosmos provides a profitable Cut Flower during early summer. We introduced this valuable New Cosmos to the trade and are prepared to again supply you with true strain for coming season.

**NEW MAMMOTH FLOWERING COSMOS
"SENSATION"**

Exceptional for Cutflowers — Given an Award of Merit by "The All-America Council," 1935

Mr. O. J. Olson of Holm and Olson, the well-known retailers and growers, of Saint Paul, Minn., says of "Sensation Cosmos:" "It is a dandy. Much larger than any cosmos we see later in the season. We have found them good sellers and believe it is quite a big acquisition to the cutflower trade."

Pink, White or Mixed Tr. Pkt. 25c
Oz. \$1.50 1/4 lb. \$5.00

Double Early Dwarf Fuchsia

ERIGERON

(PERENNIAL)

DOUBLE "AZURE BEAUTY"

(Raiser's Description)

The plant reaches a height of about 2 1/2 ft. and is extremely floriferous. "Azure Beauty" is an ideal subject for the herbaceous border, an attractive cutflower, and a novelty which warrants a place in every Seed Catalogue. It is very hardy, and sown in March or April will flower the following spring.

Tr. Pkt. . . 35c 3 Tr. Pks. . . \$1.00

FUCHSIA HYBRIDA

**DOUBLE DWARF EARLY
FLOWERING MIXED**

Seed sown in January or February will flower at the end of June and continue until the autumn. The plants produce from 85 to 90 per cent double blooms with white, lilac, pink, light and dark blue corollas. Raising these Fuchsias from seed gives very good results and is to be highly recommended. Tr. Pkt. 50c

CUPHEA "FIREFLY" (New)

Annual, Deep Rosy Scarlet. 10 to 12 inches in height. Flowers in 5 months from seed.

Tr. Pkt. 50c 1/8 oz. \$1.00

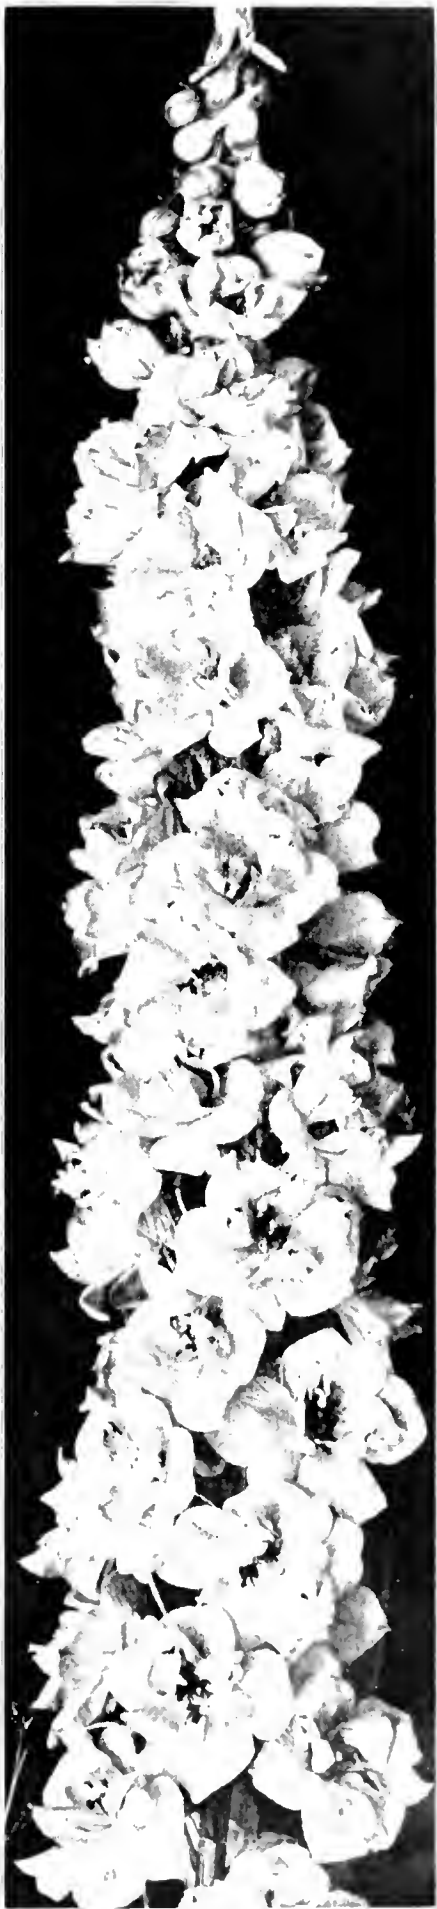

DELPHINIUM

**Blackmore and Langdon's Gold Medal Strain
Exceptional for Cutflowers and Garden Show**

We believe everyone will agree that there are no better Delphinium strains to be found anywhere than those developed and sold by Blackmore and Langdon of Bath, England. Their famous Delphiniums have been admired by connoisseurs from all parts of the world, they have been exhibited at all the important horticultural shows and exhibitions, and have been granted literally hundreds of medals, prizes, certificates and awards. To those who are acquainted with Blackmore and Langdon's Delphiniums no more need be said, and to those who have never grown these famous Delphiniums we recommend most urgently that this very valuable strain be incorporated in the Delphinium list.

Tr. Pkt. . . \$1.00 1/4 oz. . . \$2.00 Oz. . . \$7.00

SPECIAL NOTE: We have recently imported from Blackmore & Langdon (England) a large collection of their choicest named varieties in various colors and shades. Each variety in separate package and containing not less than 100 seeds, which we offer at \$1.25 per package or 5 varieties for \$5.00. If you are desirous of producing Hardy Delphinium that will create a sensation when in bloom, allow us to make up a selection. We promise that you will be agreeably surprised with the results obtained from same. A B C.

FOR OUR COMPLETE LISTING OF LARKSPUR, SEE ALPHABETICALLY ARRANGED PAGES IN THIS BOOK

LARKSPUR GIANT IMPERIAL

"WHITE KING" (NEW)

"White King" is, without question, the finest introduction in Larkspurs in recent years. The flowers are pure glistening white, broad petalled, solid and remarkably devoid of that green tinge common to other white varieties.

The spikes, which are long and thickly clothed with blossom, are freely borne on tall, robust plants of true Imperial habit.

"White King" is very early flowering, coming into bloom fully a week before the rest of the Giant Imperial varieties.

We know this to be one of the finest varieties of Larkspur yet introduced, and an entirely distinct type.

(SPECIAL MENTION WINNER 1937 — ALL AMERICA SELECTIONS)

Pkt.....40c ½ oz.....\$1.00 1 oz.....\$1.75

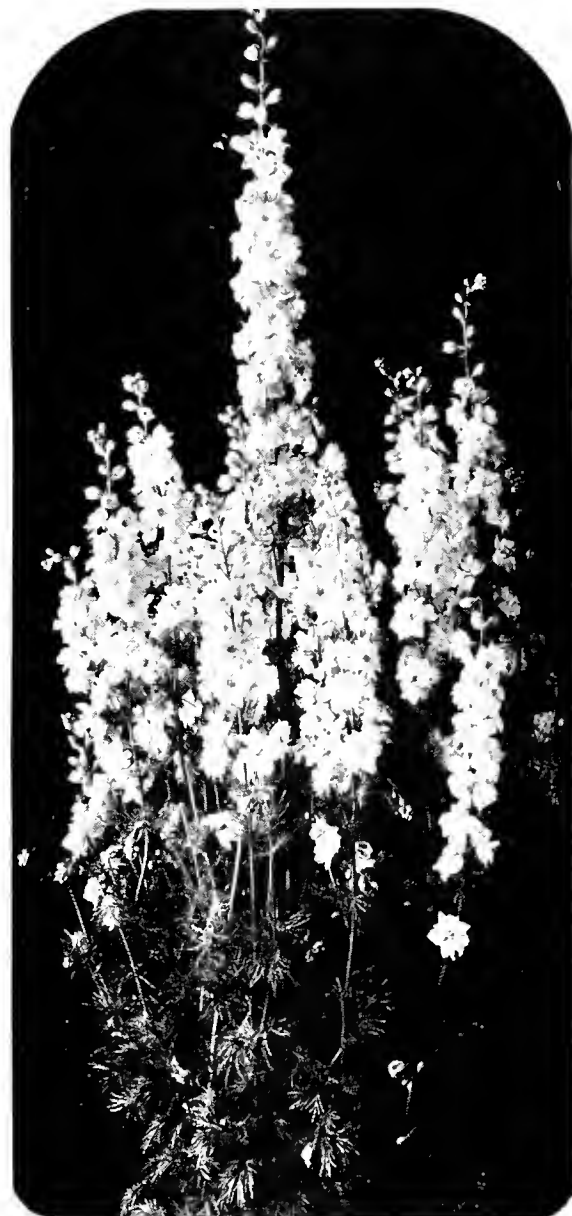

Larkspur, Giant Imperial "Gloria Improved" (New). Large flowered, warm rose pink.

New Pure White Larkspur, "White King"

Leptosyne, "Golden Rosette"

LEPTOSYNE "GOLDEN ROSETTE"

Annual — Height: 18 Ins.

This double form of "Leptosyne Stillmanni" is sure of a welcome from all amateur and professional flower growers. It is of easy culture and will "succeed almost anywhere." As will be seen from the accompanying photograph, the flowers are of perfect Rosette form.

The color is bright butter yellow and the flowers are produced in the greatest possible profusion.

As a cut flower "Golden Rosette" will be found admirable and it is difficult to think of its equal in "yellow annuals" as a garden plant.

This "Leptosyne" may be raised as a half hardy annual by sowing early in boxes or it may be treated as a hardy annual and sown in open ground.

"Golden Rosette" flowers within ten weeks of sowing and blooms throughout the summer. Tr. Pkt.....50c

"Supreme" Quality

Flower Seeds

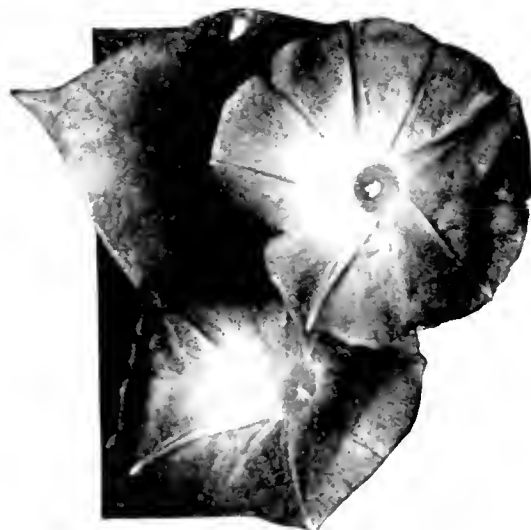

Lilium Longiflorum Praecox, "White Queen"

IPOMOEAE (Moonflower) "Heavenly Blue"

Clarke's Improved Early Flowering Strain. Clarke's strain is well known and widely used throughout the United States, being especially adapted to Eastern conditions. It is early flowering and makes a sparse growth of foliage. When growing Ipomoeas, care should be taken to plant them in a dry, sandy location, and fertilizer should never be applied. One of the most admired flowering vines at the Chicago Century of Progress, 1934. H. B. Hudson, who had charge of the Vaughan booth at the Fair, stated that they sold more seed for the Morning Glory Heavenly Blue than anything else. This climber made a beautiful showing on the back wall of the Horticultural Building. A Color of Pure, Unrivalled Beauty. **Clarke's Early-Flowering Heavenly Blue.** A good seller when offered in small pot plants for setting out in the garden in spring.

Two-Thirds Natural Size**

Recent Novelties and Specialties

LILIUM LONGIFLORUM PRAECOX "White Queen"

The cult of the Lilium family has experienced an immense impetus of recent years, and we are pleased to be able to supply this beautiful Lily, which, with its long snowy-white pendant flowers, is remarkable for the celerity with which it can be raised from seed. The plants begin to bloom well within 12 months from the time of sowing. The flowers are of exquisite form and very freely produced. This new Lily has proved itself an excellent market plant. It received an Award of Merit from the Royal Horticultural Society in 1932. Tr. Pkt.....\$1.00

MARIGOLD "Gigantea Sunset Giants"

"Marigold Sunset Giants" is a Novelty from California; it is said to have the largest known flowers in the "Marigold" group, averaging 5 inches and some flowers attaining a size of 7½ inches across; they are produced in great profusion; instead of the usual "Marigold" odor these flowers have a definitely sweet fragrance. They are loosely formed very full centered, with broad, heavy petals gracefully overlapping to make a flower of great depth and even larger than Dahlia Flowered Zinnias. "Sunset Giants" is a mixture ranging from deep orange through golden orange, deep golden yellow, light yellow, lemon yellow, and a delightful new shade of primrose. The strain comes from 60 to 65 per cent double. The plants are normally 3½ to 4 ft. high, but under favorable conditions have been known to grow as much as 7 ft. high. Excellent for cutting.

Recent Novelties and Specialties

Marigold "Collarette Crown of Gold"
"The Gold Medal Winner"

MARIGOLD COLLARETTE "Crown of Gold"

"All America Council" Gold Medal Winner

An entirely new type of Marigold, developed in California. The crown or top part of the flower resembles a Chrysanthemum in formation and is made up of long, disc petals that beautifully interlace. The crown and the collarette of big, broad petals which surround it are of a bright, pleasing shade of clear golden orange. The color holds even when the flowers are old.

The flowers of the new Collarette Marigold, "Crown of Gold," are slightly sweet-scented and the foliage is entirely free of the usual Marigold odor, so objectionable to many. This is the first Marigold in cultivation with entirely odorless foliage. Plants grow about 2 feet, bloom early, and are very floriferous.

Tr. Pkt.....50c 1/4 oz.....\$1.50 Oz.....\$5.00

MARIGOLD

Carnation Flowered "Golden Eagle"

Closely related to the popular variety Guinea Gold, "Golden Eagle" has the same habit, height and form of flower; but the color is a delightful shade of luminous gold, pleasing and distinctive. The plants come 100% double and the usual Marigold odor is practically lacking, and it is early flowering.

Tr. Pkt.....35c Oz.....\$2.50

MARIGOLD

Carnation Flowered "Lemon Gem"

Another companion to Guinea Gold; type, height and habit are exactly the same. The color is rich lemon yellow, a few shades deeper than Marigold Yellow Supreme. Tr.Pkt.....35c Oz.....\$2.50

MARIGOLD

New Chrysanthemum Flowered Hybrids

These new Hybrids consist of many new and distinct types of Marigolds. Bloom's Types are quite variable and are most desirable. The beautiful colors are most fascinating and can best be described as containing all shades of orange and yellow. The plants are about three feet high, supporting masses of flowers on fine stems for cutting. Tr. Pkt.....35c

1/4 oz.....65c Oz.....\$2.00

NASTURTIIUM

Bodger's Double Sweet Scented "Orange Gleam" (Bodger)

"Orange Gleam" is the finest Gleam Nasturtium since the first introduction, "Golden Gleam." The flowers are very large, uniformly double and profusely free flowering, while the color is entirely new in the Nasturtium family—a deep glowing golden orange, with a deeper shading at the center. The plants are semi-dwarf, bearing the flowers well above the green foliage on long, wiry stems. The sweet scent characteristic of Gleams is very pronounced, making the flowers especially fine for garden or cutting use. Tr. Pkt.....10c Oz.....50c

Recent Novelties and Specialties

Passiflora Coerulea Grandiflora
"Passionflower"

Passiflora Coerulea **Grandiflora**

The large and numerous flowers of *Passiflora coerulea grandiflora* give an especially evident representation of the "Implements of the Crucifixion," making it thus a very interesting plant. Among all "Passionflowers" this climber is the most frost-resisting species, so that it may resist also in the northern countries in protected places on south walls, if covered in winter. Not only for its particularly large flowers, but also for its beautiful foliage, this *Passiflora* is recommended as one of the most interesting climbing plants. (Sow seed early.) Tr. Pkt. 75c

Petunia Hybrida **Grandiflora Fimbriata** **"Golden Jubilee"**

German (Grower's) Description

This glorious *Petunia* is the latest raising of my head gardener, Hilmar Grossner, who celebrated his professional Golden Jubilee this year. It is a sport from my "Miranda" variety. Both have the finely fringed and delicately crinkled petals of bright carmine tinged with scarlet. *Golden Jubilee* however, has a golden throat with light bronze colored markings. This golden yellow center gives the flower a gay and festive character, comparable to the golden trimming on a state robe. Every plant produces numerous blooms measuring about 3½ inches in diameter. This *Petunia* is wonderfully effective for the decoration of window-boxes, terraces, large vases or tubs and consequently is a first class balcony and market plant. Tr. Pkt. \$1.00

New Poppy Nudicaule **"THE EMPRESS"**

Bodger (Introducer's) Description

Our new *Nudicaule* Poppy, "The Empress," is truly queen of the Iceland Poppy family. Distinct from all other strains, it is remarkable first for flower form—large, full, well formed flowers, with broad overlapping petals deeply fluted or wrinkled, giving an effect almost of doubleness, an illusion which is most delightful. Secondly, the color range is unique lovely shades of salmon rose and creamy pinks never before seen in *Nudicaule* Poppies, fascinating tones to intrigue the imagination. The flowers are carried on good strong stems, which make them fine for cutting. Tr. Pkt. 50c

Poppy Nudicaule **"THE EMPEROR"**

Bodger (Introducer's) Description

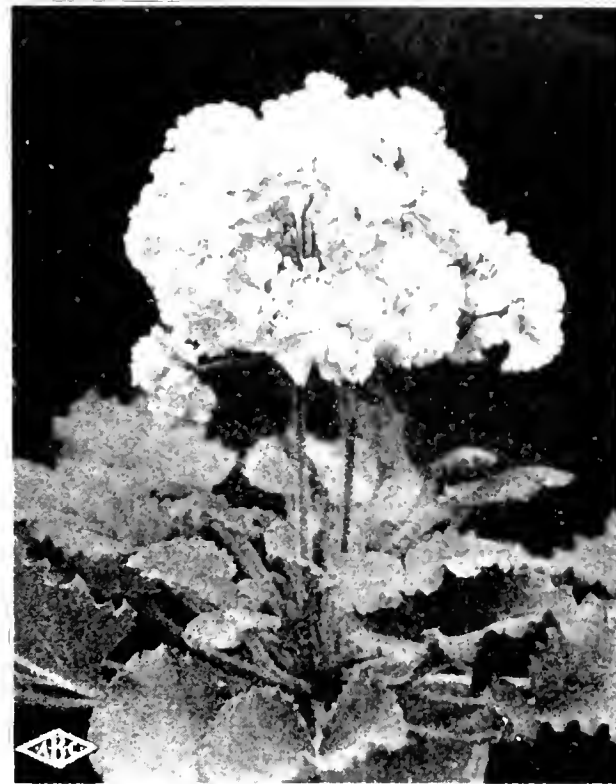

This exceptionally fine strain of *Nudicaule* Poppy, which we are offering you as a companion to "The Empress," attracted the attention of our President, Mr. John C. Bodger, in the course of his travels through Australia last year. "The Emperor" is without a doubt the best orange Iceland Poppy available, the same type as "The Empress," with extremely large fluted petaled flowers, many with an extra row of petals. The color is remarkably true, the same shade as our El Monte, deep tangerine orange, but the flowers are larger and are borne on very long strong stems. We highly recommend "The Emperor." Tr. Pkt. 50c

Salpiglossis **NEW DWARF TYPE**

These new "Dwarf *Salpiglossis*" are ideally suited for bedding purposes, being very floriferous and covering the entire head of the plant with blossoms half again as large as that of the tall growing "Emperor Strain."

Choice Mixed Colors

Tr. Pkt. 25c 4 oz. \$1.00

New Double Flowered Primula Obconica
"Portland Beauty"

Provides a Very Worth-While Pot Plant

New Double Flowering **Primula Obconica** **"Portland Beauty"**

(See Illustration)

A double flowering *Primula Obconica* has been long sought for by plant specialists and we are glad to say that such has now been accomplished by an American grower Ernst Eriksson of Riverside, Ill., and J. Sylvester of Oconto, Wis., both high class potplant growers, tell us that this new *Primula* has a great future. Shades of dark pink, lavender pink, and rose pink mixed. Since same seeds sparsely and the supply is limited, early orders will have first call. Tr. Pkt. (About 500 seeds) \$1.50

New Solanum (Christmas Pepper) "Royal Crown"

Solanum Capsicastrum "Royal Crown" (JERUSALEM CHERRY)

This new dwarf Solanum is of spreading compact habit with a height of about 12 inches, dark green pointed foliage one inch wide and two inches long. Much more beautiful than any of this type heretofore offered. The stems and leaves spread in such manner that the striking large scarlet, orange and purple fruit borne freely is prominently displayed. Provides a

saleable plant in August and all Fall, also a wonderful plant for the holiday season. Does not require pinching and holds up much longer than other "Solanums."

Price, Tr. Pkt.
(100 seeds).....\$1.00

New Zinnia Fantasy "Star Dust"

Zinnia Fantasy Star Dust (BODGER)

The color is a rich deep golden yellow, one of the vibrant shades closely associated with Zinnias, while the very free flowering, 2½ to 3 foot plants are early blooming, coming into flower about 45 to 50 days from the time of planting. We expect Star Dust to take its rightful place in the popular Zinnia section of the annual group. Tr. Pkt. .35c
¼ oz. .75c Oz. \$2.50

Verbena Hybrida Grandiflora "Crimson Glow" (BODGER)

The flowers are pure, self-colored, glowing crimson, wholly without even a small light eye. The individual florets are of good size, although as is characteristic of the reds in Verbena, they are not as large as some other colors, such as pink and lavender. The flower heads are freely produced on plants which are neat and semi-compact in habit, bearing foliage of the small type associated with Coccinea and Lucifer. "Crimson Glow" is one of the most vivid Verbena colors, and will occupy a prominent place in next season's gardens.

New Large Flowering Verbena "Glow"

Tr. Pkt. 50c ¼ oz. 85c Oz. \$3.00

Zinnia Pumila Dwarf Double Spun Gold (BODGER)

Our new introduction, "Spun Gold," is an entirely new color in this type, a delicate pastel shade of butter yellow - excellent for cut flower work. The flowers are rounded, 2½ to 3 inches in diameter, on plants 12 to 18 inches in height, with strong, fairly long stems. The strain is very early flowering, coming into bloom about 45 days after planting.

A. B. C. "Supreme" Quality Asters

BODGER'S STEM ROT OR WILT RESISTANT STRAINS

Bodger's Famous Stem "Rot or Wilt-Resistant" Asters, Growing Under Ideal Conditions

Wilt-Resistant Strains of Asters have been proved the only protection against the widespread stem rot or wilt disease. The disease is caused and carried by a fungus which may attack the ordinary or non-resistant strains at any stage in their growth, while resistant Asters are able to withstand

the attacks of the fungus. You cannot afford to devote space and labor to the production of weak, susceptible material. Wilt-Resistant Strains are your insurance against loss from this disease. (For detailed description of varieties see future pages.)

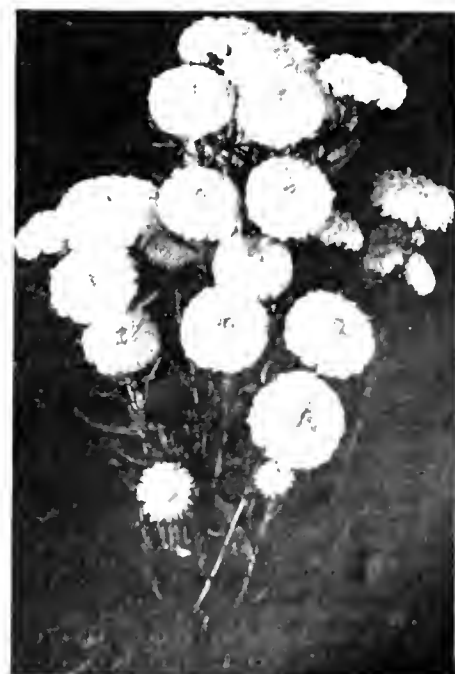

Aster "Youth"

Rose Aster "Youth"

Flowers of the Rose Aster "Youth" are fully double! The combination of the delicate salmon and chamois shades on rosy flesh colored ground forms a unique play of colors. This is especially attractive when flowers vibrate in light and every shade radiates in a splendor of its own. Strong, stiff stems, excellent keeping qualities of flowers and the handsome color render this new Aster a vividly wished for variety for cutting. The cut flowers keep astonishingly well, blooms about size of an American silver dollar. Highly recommended. Price (German originator's seed): Tr. Pkt. 50c

ASTERS

Bodger's True "Rot or Wilt-Resistant" Strains. Can You Afford To Plant Any Other Kind!

(Florists' Review, issue August 1, 1935. Reporting market conditions from Nashville, Tennessee.)

Asters are coming in steadily now and are of excellent quality for this early in the season. The resistant strains of asters are proving a real boon to florists in the south. Prior to the introduction of the resistant types, it was practically impossible to grow asters here, except under glass, and even these were not overly successful.

ASTER

(See Below)

Asters Like "Running Start"

Florists should have greater success with asters if they give them a "running start" on the season. In other words, asters need a longer season than the majority of the popular flowers of this area, and it has been found beneficial to plant them inside sometime after mid-March.

The young plants should be transplanted when they have grown large enough to be easily handled and when the ground and climate have become warm. Treated in this manner they should bloom comparatively early.

UPRIGHT BRANCHING

A desirable commercial class. Blooms late August to early September.

	Tr. Pkt.	¼ oz.	Oz.
Rose Pink. Deep rose, good.....	.25	.50	1.75
White.25	.50	1.75
Peach Blossom. Light rose, lavender pink. Excellent market cut flower.....	.25	.50	1.75

A. B. C. Selected Florists' Asters—Bodger's "Regular" Strains

SPECIAL NOTE

In soil that is clean and rot is not to be considered our "Regular" Strains of California Asters, listed below, will be found generally satisfactory. However, if in doubt, plant "Bodger's Wilt-Resistant" Strains. The small difference in cost of seed is of little moment compared to crop results.

Improved Queen of Market

18 inches. Early flowering, of branching habit, coming into bloom directly after Early Wonder. The standard early Aster, blooming in July.

Bright Violet, Dark Blue, Flesh Pink, Light Rose, Reddish Purple, Crimson, Dark Violet, Light Blue, Peach Blossom or Blush Pink, White.

Any of the above—Tr. Pkt.....15c 1/4 oz.....30c Oz.....\$1.00

Mixed colors—Tr. Pkt.....15c 1/4 oz.....25c Oz.....80c

The Royal, Early Royal Branching

2 feet. Comes into bloom shortly after Queen of the Market; a specially fine Aster to follow said variety. Blooms of large size.

Azure Blue or Dark Lavender, Deep Rose, Peach Blossom (Lavender Pink), Purple, Shell Pink, White.

Any of the above—Tr. Pkt.....25c 1/4 oz.....35c Oz.....\$1.30

Mixed colors—Tr. Pkt.....20c 1/4 oz.....35c Oz.....\$1.20

Imbricated Pompon (Improved) (Illustrated above)

These small Pompon Asters have the past few years had great vogue with California growers and the past season were introduced to Eastern retailers with the result that they are now generally acceptable and highly thought of as cut flowers.

Fiery Scarlet, Light Blue, Rose, Violet, White.

Each of above—Tr. Pkt.....35c 1/4 oz.....75c Oz.....\$2.50

Mixed. Tr. Pkt.....35c 1/4 oz.....65c Oz.....\$2.40

Lilliput

Known as the "Button Aster," the abundant small, flat topped double flowers on 12 to 14 inch high plants are attractive both for cutting or when used as pot plants. Mixed Colors. Tr. Pkt.....25c

King Type

White, Lavender, Crimson, Brilliant Rose, Peach Blossom.

Any of the above—Tr. Pkt.....25c 1/4 oz.....35c Oz.....\$1.25

Mixed colors—Tr. Pkt.....20c 1/4 oz.....35c Oz.....\$1.20

Improved Crego or Giant Comet

Plants robust, about 2 feet high. Flowers large, double and well formed of the Comet type, making a fine variety for all purposes.

White, Shell Pink, Rose Pink, Crimson, Lavender, Azure Blue.

Any of the above—Tr. Pkt.....25c 1/4 oz.....35c Oz.....\$1.30

Cattleya. Fascinating shade of orchid. A novel florists' color.

Tr. Pkt.....25c 1/4 oz.....35c Oz.....\$1.30

Mixed. All colors—Tr. Pkt.....20c 1/4 oz.....30c Oz.....\$1.00

American Branching

2 1/2 to 3 feet. Robust, flowers large, double and fine form. Azure Blue, Peerless Pink, Deep Rose, Purple, Rose Pink, Peach Blossom, Sensation (Scarlet), White, Shell Pink (Mary Semple).

Any of the above—Tr. Pkt.....20c 1/4 oz.....30c Oz.....\$1.00

Mixed. All colors—Tr. Pkt.....15c 1/4 oz.....25c Oz.....80c

American Beauty

2 to 3 feet. A comparatively new Aster of real merit for late crop, blooms about September and continues until frost. The large and double flowers are produced on long, heavy stems.

Azure Fairy (Azure Blue or Dark Lavender), Purple, Shell Pink, White, Carmine Rose, Bright Rose, Crimson, Peach Blossom.

Any of the above—Tr. Pkt.....25c 1/4 oz.....50c Oz.....\$1.50

Mixed colors—Tr. Pkt.....25c 1/4 oz.....40c Oz.....\$1.40

Early Wonder

These are the earliest blooming Asters. Flowers large and full, of the Comet type, carried on long, erect stems. 12 inches.

White, Rose, or Light Blue.

Any of the above—Tr. Pkt.....25c 1/4 oz.....50c Oz.....\$1.75

Mixed colors—Tr. Pkt.....25c 1/4 oz.....40c Oz.....\$1.50

WILL-RESISTANT ASTERS will produce more perfect flowers and consequently increase your income from cutflowers, as well as to better satisfy your home garden trade. (See previous page and above.)

ASTERS

Bodger's Famous "Regular" Strains

(Continued)

SPECIAL NOTE:

In soil that is clean and rot is not to be considered our "Regular" Strains of California Asters, listed below, will be found generally satisfactory. However, in doubt, plant "Bodger's Wilt-Resistant" Strains. The small difference in cost of seed is of little moment compared to crop results.

Improved Giants of California, Curled and Interlaced

(Also known on the Chicago Cut Flower Market as "Chicago Giant Beauty.")

This new Aster is somewhat of the Crego and Beauty type, but is practically non-lateral, producing flowers of immense size without disbudding and of wonderful substance on strong, stiff stems 20 to 24 inches long, acclaimed by wholesale and retail florists as the ideal of cut flower Asters.

Dark Purple, Deep Rose, Light Blue, White, Peach Blossom.

Each of above. Tr. Pkt.25c ¼ oz.65c Oz.\$2.00

Mixed, all colors. Tr. Pkt.25c ¼ oz.50c Oz.\$1.85

Covent Garden White

The flowers are of enormous size, larger than Giants of California and very double.

Covent Garden White is an ideal florists' variety. It is about a fortnight earlier than Giants of California. Tr. Pkt.35c 3 Tr. Pkts.\$1.00

Surprise Golden Salmon

Pure salmon-yellow, becoming a brilliant salmon-rose when full grown. Flowers measure 3 inches across and will remain fresh for two weeks after cutting. Blooms resemble Paeony flowering types, begin to bloom in July and continue until late fall.

Tr. Pkt.50c 3 Tr. Pkts.\$1.25

New Mammoth, Snowdon

This new Aster produces pure white flowers of large size, 4 to 5 inches across and of very bold and striking character, almost globe-shaped, with the upper petals imbricated, and the lower ones more curled and twisted towards the circumference. It is the fullest centered Aster that we have seen. Tr. Pkt.50c

Hercules

A New Color in Double Flowered Cut Flower Asters

Bright Blue. A color seldom seen. By far the finest blue yet produced in Asters. Of this splendid mid-season type everybody will be surprised at the lovely color of which no flower establishment can do without. Tr. Pkt.35c

Scarlet King

Excerpt from The Florists' Exchange, Sept. 1 issue, 1934.

The variety **Scarlet King** came to us via England and it is remarkable for its neat form and intense scarlet color. It is of true sinensis type with shortish stiff petals and small disc of yellow. Unlike the large, soft petaled Elegance and Sunshine singles with their large discs, **Scarlet King** is a real market type hard enough to stand packing without losing its daintiness. The color is much brighter than the older General Joffre and is not to be found in any of the doubles. Its constitution is good and it makes fairly long wiry stems.

Tr. Pkt.50c ¼ oz.65c Oz.\$3.00

Super Giant Los Angeles (Howard-Bodger)

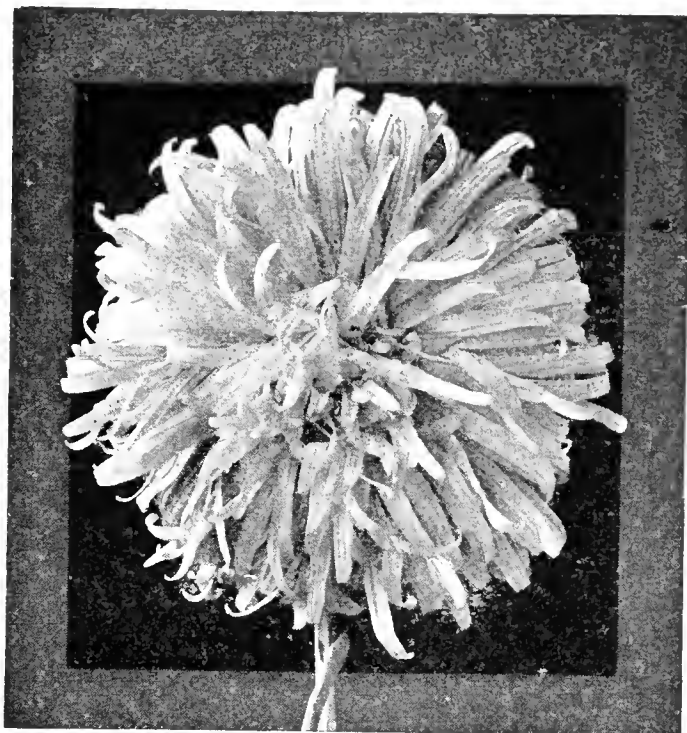

Award of Merit 1934 All-America Selections.

Los Angeles, Bodger's introduction of two seasons ago, is still one of the most popular and best selling Asters on the market. The first introduction in the modern Super Giant class, the flowers are fully double, 6 to 8 inches across, graceful and delicately interlaced. The long, stiff stems are basal branching and strictly non-lateral, bearing the large flowers smartly upright. Don't overlook this fine Aster.

Tr. Pkt.35c ¼ oz.65c Oz.\$2.50

Super Giant El Monte (Bodger)

Two seasons ago we introduced the sensational new Super Giant Aster Los Angeles, a delicate shell pink color. Extremely popular in the cooler climes, a more rugged color was desired in the warmer lands. This wish is met completely in our new companion Super Giant, El Monte, the only really large flowered crimson Aster. Deep glowing crimson, composed of abundant quantities of daintly interlaced plume-like petals, the flowers are extremely large and fluffy, borne on heavy non-lateral, basal branched stems. It is very early flowering, coming in before the California Giant varieties, and remaining in flower over a long period. Although not wilt-resistant, we recommend El Monte to you. Plant El Monte for your next Aster. Tr. Pkt.35c ¼ oz.65c Oz.\$2.50

Aster—Improved Giants of California
Also known as "Chicago Giant Beauty"

(About one-half natural size)

NEW ASTER CALIFORNIA GIANT SUNSHINE IN SEPARATE COLORS

This supremely beautiful new race of Asters is the result of a direct cross between Aster California Giant and the Dwarf Sunshine type.

The plants grow three feet high and bear blossoms five and six inches across, on long, stiff stems.

Alpenglow

Color charting this Aster in Ridgway, we have the following: Guard petals, Rosolane purple, quilled petals, pale rose purple; center, Premuline yellow.

Blue Moon

The guard petals are the same beautiful light blue color so much admired in Aster California Giant Light Blue. The quilled petals are several shades lighter, while the center is an amber yellow.

Moonbeam

The blooms of this Aster are snow white, with a small center of soft orange.

Rainbow

A bright rose-pink Aster of a true California Giant habit. The stems are long, strong and non-lateral. The guard and quilled petals are the same color, a delightful shade of bright rose-pink, with a center of soft orange.

Stratosphere

A rich dark blue, which might be compared in color to Light Purple in the California Giants. The guard petals are pansy violet and the quilled petals are lavender, with the center a charming shade of orange. Price, each of above:

Tr. Pkt.35c ¼ oz.\$1.00 Oz.\$3.00

NEW EARLY DAWN ASTER

Dawn Rose, Lavender and White

Early flowering Asters for cutting are always welcome. The first of these is Early Dawn, which flowers from the beginning of July onwards for many weeks, without losing any of its beauty; it is in bloom even before the Queen of the Market.

The snow-white Early Dawn Aster has now been joined by **Early Dawn Rose**, a bright, fresh shade which changes to a light crimson. The beautifully formed flowers, measuring about 4 in. in diameter, are borne on firm stems 12 in. high. The plants grow from 12 to 14 in. high. Tr. Pkt.35c

Early Dawn Lavender grows even better than the previous one. Since the plant attains a height of 16-18 in. the well-domed blooms are carried by even longer and stronger stems. Both varieties are very robust in habit. The Early Dawn Asters have quite outclassed the old Queen of the Market. Tr. Pkt.35c

Early Dawn White. Tr. Pkt.35c

New Begonia Semperflorens Marginata "Elegant"

CALCEOLARIAS Continued on Next Page

CALCEOLARIAS (Continued)

Feltham Scarlet

(Grower's description.)

This is one of the most striking colors among the splendid hybrid Calceolaria which we introduced last year under the name Feltham Glory, and we have decided to issue it separately. The plants are fairly dwarf and compact in habit and the flowers of a rich dark scarlet, which will make a glorious show in the greenhouse and a bright display in a somewhat sheltered position in the open ground.

Tr. Pkt. 50c

Hybrida Multiflora Nana. Dwarf compact growth. Medium size brightly colored flowers in choicest mixture. A great favorite with the trade. 1/2 Tr. Pkt. 50c Tr. Pkt. \$1.00 1/64 oz. \$4.50

Hybrida Grandiflora Mixed. A special mixture of varied colorings. Grows about 18 in. high. Large flowered, vigorous growth.

Tr. Pkt. \$1.00 1/64 oz. \$2.00

Albert Kent Hybrids. A much liked mixture of varied colors.

Tr. Pkt. \$1.00 1/64 oz. \$3.25

Kelway's Perfect Model. A fancy large flowered mixture.

Tr. Pkt. \$1.00 1/64 oz. \$2.25

Hybrida Grandiflora Tigrina. Large flowered "Tigred" or spotted mixture. Tr. Pkt. \$1.00 1/64 oz. \$2.50

Rugosa Hybrids Mixed. Comparatively small flowers. Provide plants and desirable for cutting. Tr. Pkt. \$1.00

New Calceolaria "Indian Prince"

(See previous page)

CALENDULAS (Continued)

Chrysantha or Sunshine

The large double flowers are an exquisite shade of clear buttercup yellow, with long loosely arranged petals which droop somewhat to give the rounded appearance of a Chrysanthemum.

Tr. Pkt. 25c Oz. 75c 2 oz. \$1.25

The Ball Calendulas

New Crop Seed Supplied to Us by Geo. J. Ball, Inc., West Chicago, Ill., in his Original Sealed Packages

ALL of the following uniformly priced as follows:

Tr. Pkt. 40c 1/4 oz. 60c Oz. \$2.00

2 oz. \$3.50 4 oz. \$6.50 Lb. \$20.00

Ball's Masterpiece. Clear rich orange with an attractively contrasting dark brown center. This is our most popular standard cutflower variety.

Ball's Long Orange. The standard long-stemmed orange with light center. Preferred by many growers for its long stem.

Ball's Sensation. Long-stemmed orange with light center. This is a selection from Long Orange that seems to do particularly well for some growers.

Ball's Lemon Queen. Clear medium deep yellow with a dark brown center that contrasts most effectively. Generally preferred yellow.

Ball's Gold. Deep golden yellow, long-stemmed and large flower with light center. Stem, size, and color in this are outstanding.

Ball's Supreme. Light shade of orange with a richly contrasting brown center, not extra long-stemmed but freer flowering than any of the above.

Ball's Apricot. Rich apricot or straw color with a finely contrasting brown center. Same habit as Ball's Supreme, from which it is a selection. Inclined to occasionally produce orange petals with the apricot. Some should be grown for variety.

Note: Unit price on weight lots will apply in combination with two or more of above varieties. For instance, on 1/4 oz. each of four varieties, instead of 60c each, or \$2.40 for the four, the ounce price of \$2.00 will be accepted.

Ball Calendula Mixture.

Tr. Pkt. 35c 1/4 oz. 50c Oz. \$1.75 Lb. \$18.00

Bedding Calendulas

The following varieties are not suitable for cut flower purposes.

Lemon Queen. Light or lemon yellow.

Radio. Bright orange with quilled petal. Of compact growth and distinctly effective for bedding.

Radio Golden Beam. Clear yellow Radio.

Sunshine. Semi-double, bright yellow and of upright growth. We find this identical with the variety Chrysantha.

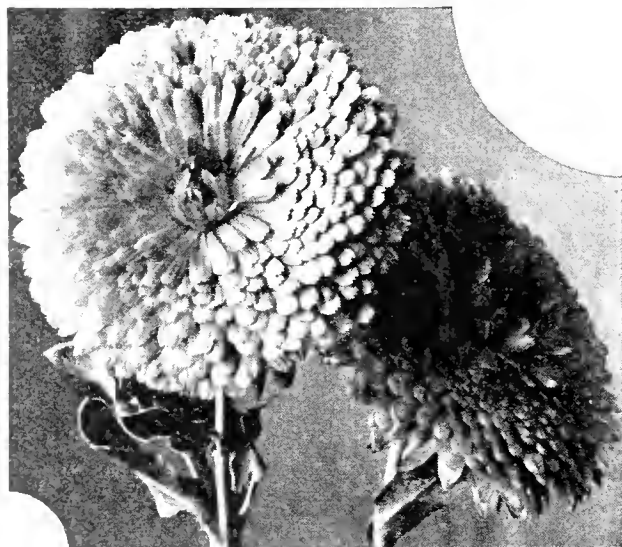

Orange King. Dark centered orange, of compact growth and valuable for bedding.

Price: All the above bedding varieties.

Tr. Pkt. 20c Oz. 60c 2 oz. \$1.00

Bedding Mixture. Evenly proportioned mixture of all compact bedding varieties. Tr. Pkt. 15c Oz. 50c 4 oz. \$1.50 Lb. \$5.00

Candytuft (Annual)

If you have grown annual candytuft before and found it a poor seller, it is more likely that you had too much of the white variety. Try in its place a few of the colored varieties, such as Pink, Rose, Carmine, Lavender and Crimson and be convinced that this annual is of much use in the florist's establishment in the spring. It will take about five months to bring them into flower indoors. Plans may be made accordingly, taking into consideration the period cut flowers will be of most use to the individual florist. A good time for one planting is soon after the winter holidays as space becomes available. Some growers sow the seed singly, planting out later at the distance of a foot apart.

Giant Hyacinth Flowered

White. Particularly recommended for under glass; provides excellent cut flowers.

Tr. Pkt.....	15c	Oz.....	75c	1/4 lb.....	\$2.25	Lb.....	\$7.00

Canterbury Bells (Annual)

Bring Spring to the garden in September.

Many years of careful selection have at last given us an Annual Canterbury Bell which blooms from seed in less than six months. It should now be possible to have this beautiful flower in bloom at almost any time of the year. The plant grows from two to two and a half feet tall, each plant having from six to eight spikes of blooms. Seed planted in February blooms in July.

Angelus Bell. Deep Rose.

Marguerite. Special Mixed. The Marguerites are very early flowering, giving an abundance of bloom within five months from planting. The flowers are very fragrant, on good stems and 16 to 20 inch plants. Tr. Pkt.....25c Oz.....\$1.50

Carnation (Perpetual)

Enfant de Nice (Aurora, deep salmon). Enfant de Nice or Giant of Nice Carnations should be much more widely grown. They represent a high grade hardy class, grow from 12 to 16 inches high and produce, on long, wiry stems, perfect double blooms of the largest size. They are a great improvement on the popular Chabaud Carnations in size and shape of bloom. If sown in January, they may be planted out in May and will produce sweet-scented flowers for cutting in July and continue throughout the summer and autumn. The deep salmon variety "Aurora" has an excellent and desirable new color. Tr. Pkt.50c

Celosia (Coxcomb)

New Celosia Heatherdell. Giant trusses of elegantly feathered and interlaced plumes. Red, pink, henna and yellow shades mixed.

Tr. Pkt.	50c

CINERARIAS

Cineraria Cremer's Prize

Produces somewhat smaller blooms than does "Eriksson's" with plants of good height and is of such high sale value that growers, in our opinion, will not go amiss in planting liberally of both. Has taken first prize at the Philadelphia Show for the past three years. The originator is constantly improving the strain.

Cosmos—Worth-while for outdoor cutflowers

Sensation. The name of this new Cosmos has been well applied. Introduced by us last year, it has proved to be everything claimed for this valuable new cutflower. After thorough trials the past season Sensation was given an award of merit by "The All-America Council." Flowers are quite large, 4 to 6 inches across and of strong texture and an important feature of Sensation is extreme earliness of bloom, flowering in from eight to ten weeks from time of sowing seed in the open. Set plants three to four feet apart and when two feet high heel them up with soil. This allows laterals to produce freely and prevents plants from falling over. Disbud for exceptional flowers and long cutting stems. (Seed is as yet in comparative short supply.) White or pink supplied separately.

Gomphrena Globosa—"Globe Amaranth"

Splendid everlasting; excellent for cutting.

Everlasting (Globe Amaranth). 30 in. Makes nice material for garden decoration and cutting. The varieties Aurea Superba and Rubra are particularly attractive; also Nana Compacta Rubra is choice for edging.

Tr. Pkt. Oz.

Rose. Light rose pink. **White.** Grayish white.....15 .25

Rubra. Bluish purple. Very bright deep color.....15 .25

Mixed.15 .25

Nana Compacta Rubra. Dwarf strain of Rubra. 8 in. Choice for edging.....15 .35

Gourds—Ornamental

Small kinds mixed. Large kinds mixed.....Each .15 .25

Grasses—Ornamental

Pennisetum Rueppelianum (Purple Fountain Grass).

Tr. Pkt.....15c Oz.....80c

Longistylum. Tr. Pkt.....10c Oz.....50c

Above used largely for bordering canna beds.

Imperial Larkspur

Grevillea Robusta

Ornamental foliage plant for vases, etc. Easily raised from seed. Tr. Pkt. Oz.
Australian Silk Oak. Seeds should be sown in early spring with plenty of bottom heat and in a well drained, loose soil. Grown in a 60° house, 5 in. pot plants available by fall. \$0.25 \$0.75

Gypsophila—Baby's Breath (Annual)

Free blooming plants of easiest culture. Desirable for cutting to mix with other flowers. Several plantings can be made during the season at intervals of ten days' time, in order to have a succession of bloom. Tr. Pkt. Oz.
Covent Garden Market. Extra large flowered, full petalled—flowers having 6 to 8 petals instead of the usual 4 to 5. 4 oz. 50c; 1 lb. \$1.60; 5 lbs. \$6.50 .. \$0.20
London Market. Slightly taller than Covent Garden Market and later. 4 oz. 50c; 1 lb. \$1.50; 5 lbs. \$6.50 .. .20
Paris Market. Standard medium size flowered strain. 4 oz. 40c; 1 lb. \$1.00; 5 lbs. \$4.50 .. .15
Carminea. Same habit as others but with bright carmine-pink flowers. Rather small flowered. \$0.15 .25

Heliotrope

Can be bloomed from seed in four months.
Lemoine's Giant. Excellent large flowering strain. Tr. Pkt.40c
Choice Mixed. Tr. Pkt.25c. Oz.\$1.25

Helichrysum—Strawflowers

Our strain produces large, perfect double flowers. Excellent for cut flowers, either fresh or in dried state. Tr. Pkt. Oz. Lb.
Fireball. Showy, deep crimson. \$0.15 \$0.60 \$6.00
Golden Ball. Clear golden-yellow. .15 .60 6.00
Canary Yellow Buttercup. New. .15 .60 6.00

Noctiflora. Black seeded. .10 .40 4.00

Ipomoea "Heavenly Blue"

Clark's Improved Early Flowering Strain.
Clark's strain is well known and widely used throughout the United States, being especially adapted to Eastern conditions. It is early flowering and makes a sparse growth of foliage. When growing Ipomoeas, care should be taken to plant them in a dry, sandy location, and fertilizer should never be applied. One of the most admired flowering vines at the Chicago Century of Progress, 1934. H. B. Hudson, who had charge of the Vaughan booth at the Fair, stated that they sold more seed for the Morning Glory Heavenly Blue than anything else. This climber made a beautiful showing on the back wall of the Horticultural Building.
A Color of Pure, Unrivalled Beauty.

Clark's Early-Flowering Heavenly Blue. A good seller when offered in small pot plants for setting out in the garden in spring.

Tr. Pkt.15c Oz.75c Lb.\$8.00
Setosa (Brazilian Morning Glory). Red. Tr. Pkt.10c Oz.30c

Isoloma

Hirsutum Multiflorum Hybridum. Choice tuberous rooted pot plant spotted flowers, mixture of colors, grows 6 to 8 inches. January sowing flowers through the summer. Tr. Pkt.\$1.00

Kalanchoe

Globulifera Coccinea. Popular spring flowering pot plant and easily grown from seed. 1000 seeds. \$1.00

Kochia

Summer Cypress or Mexican Fire Bush Childsi. Improved strain. Tr. Pkt.10c Oz.20c

Lantana

Desirable for bedding, pot culture, vases. Seed must be sown with bottom heat and early.

Dwarf Compacta. Mixed. Tr. Pkt.15c Oz.60c
Hybrida, Tall. Tr. Pkt.15c Oz.50c

LARKSPUR
Annual

Giant Hyacinth—Flowered

*Pink, *Purple, White, Dark Blue, Lilac, Mixed, Each. \$0.25 \$0.80 \$8.00
We prefer the Imperial or Stock Flowered to the Hyacinth Strain.

SEE NEXT PAGE FOR CONTINUATION OF LARKSPUR

LARKSPUR (Continued)

An important cut-flower both for greenhouse and outdoor culture. Moderate temperature and a moist soil are necessary to obtain good germination. Seed frequently failing to start at all in hot weather.

The Base Branching class, also known as the Imperial or Spiral, improves the original Stock-flowered in being somewhat longer stemmed. The Hyacinth-flowered type produces but one long non-branching flower spike. They do well on a raised or shallow bed where the growth can be hardened some, but on a deep ground bed, especially if grown cold, they produce hollow stems that break easily in handling.

Three New and Valuable Introductions

Larkspur Giant Imperial Cattleya. This is a late flowering, branching from the base habit (two to three weeks later than other sorts) which lengthens the flowering season. The color is a rich rosy lilac full double flowers that are closely spaced on four to five foot stems. Highly commended by the Royal Horticultural Society after trial at Wisley, England, 1934. Tr. Pkt. .25c Oz. \$1.25 1/4 lb. \$3.50

Larkspur Giant Imperial Dazzler is in full bloom seven to ten days earlier than any of the other varieties. The flowering spike is very long with closely spaced mammoth flowers of a vivid lustrous carmine color. Dazzler will make an ideal florists' variety for earliness and its long flowered spike, also for the home gardener who loves grace and brilliancy. Tr. Pkt. .25c Oz. \$1.25 1/4 lb. \$3.50

Larkspur Giant Imperial Sweet Lavender. A delightful shade of rich lavender blue, the flowers are very large, full double, closely spaced on a long flowering truss. Sweet Lavender is an outstanding new shade of great merit. Highly commended by the Royal Horticultural Society after trial at Wisley, England, 1934.

Tr. Pkt. .25c Oz. \$1.25 1/4 lb. \$3.50

For other Lupinus see Perennial list.

Giant Mixture. An especially large flowered strain, base-branching. Tr. Pkt. .20c Oz. .75c

Lophospermum

Scandens (Climbing Foxglove). Rose. Tr. Pkt. .35c 1/4 oz. .80c Oz. \$2.80

MARIGOLD

Dixie Sunshine

Annual Height: 3 ft.

This is a late flowering Marigold, the seed of which should be started indoors in pots or boxes in localities north of Washington, D. C. As soon as the plants are large enough to handle, prick them off into other boxes allowing 2 in. between the plants. Set into the open when the nights have become balmy. Being of strong growth, the plants should be planted not closer than 2 ft. apart each way. Like other Marigolds, Dixie Sunshine delights in moderately rich soil, neither too wet nor too dry, and in a location where the plants receive sunshine all day. South of Washington, D. C., the seed may also be sown right into the open when the soil can be worked properly in the spring. Tr. Pkt. .25c 1/4 oz. .60c Oz. \$2.00

MARIGOLDS Continued on Next Page (See Also Novelty Pages)

Marigold "Guinea Gold"

Carnation Flowered

Lieb's Winter Marigold. Sensational Cutflower Novelty

The Originator's Improved Strain Now Obtainable from Seed. New Winter Cut Flower, deep brown with golden yellow crested center. Flowers five weeks after planting, continuing five months. Flowers are of wonderful keeping quality and have a distinctly sweet odor.

The Best Paying Bench Space in Your Greenhouses.

For best results seed should be sown from July up to December. Plant in any house that can be kept free from frost. Fine to follow Mums. Plant 10 by 10 inches and pinch back once. No insect pests.

Tr. Pkt.50c

Australian Tree

This is another desirable Winter Flowering Marigold with long stems. Color: Golden yellow and mahogany.

Tr. Pkt.25c 1/4 oz.50c Oz.\$1.50

LIEB'S MARIGOLD

By FRITZ BAHR, Prominent Grower and Horticultural Writer
(Excerpt from The Florists' Exchange)

The better you become acquainted with this Winter-flowering Marigold, which is really indispensable to the retail grower, the better you will appreciate its value as a cutflower during the Winter and Spring months. With 2 1/4 in. or 2 1/2 in. stock planted during September or October on benches about 10 in. apart in a 50-deg. house, you will start to cut during December and continue well into May. There isn't a retail grower who can't realize 50c per doz. for the flowers during the Winter months, and many are sold at 75c or \$1 per doz.; even at the lower price, this Marigold will pay for itself as well as almost anything you can carry in a 50-deg. house. The plants will simply insist on flowering and should be at their best during January and February, when other flowers are not too plentiful, and at the same time you probably have to call every day for inexpensive flowers suitable for the table. They are good for a week after being cut if given any care.

All this need not make us think less of Calendulas or anything else we grow on for cutting, but I don't know of anything that persists in flowering as this Marigold does. By disbudding one can obtain long stem, large flowers, but every little side shoot will produce a blossom, and those too short-stemmed will come in handy for funeral work. Of course not all your customers would care for them, but the writer has seen some most attractive wreaths made up with them. The cuttings root freely almost any time of year; those rooted during Fall and the plants grown on in 2 1/2 in. will be in full bloom by Christmas, fine for made-up dishes and pans.

Marigold, Tall African "All Double"

Legion of Honor. Yellow in this is some lighter than Fire Cross with some brown center			.10		.40

New Marigold "Harmony"

A Desirable Annual for Cutting or Pot Plants

MARIGOLDS (Continued)

Harmony

A remarkable break in the dwarf French section of Marigold, which differs from all existing forms in its habit and the shape and coloring of its flowers, the latter, almost suggesting those of a Scabiosa, are of a bright golden-yellow, bordered with rich maroon-red, a most striking and effective combination of tints. The plants being about 12 inches high and of very bushy habit, form excellent material for cutting and bedding. We consider this a most important, new introduction in the Marigold family. Tr. Pkt.....25c 1/4 oz.....40c Oz.....\$1.25

Dwarf Varieties

African Dwarf, Double Queen Strain. This new strain of African Marigolds is admirably adapted for bedding use. The plants are sturdy and free flowering, forming a veritable pyramid of blooms. The flowers are from two to three inches across with rather flat petals, giving a novel effect of softness. **Golden Queen**, golden yellow; **Orange Queen**, deep orange; **Primrose Queen**, light primrose yellow; **Yellow Queen**, clear lemon yellow. Price, each of above: Tr. Pkt.....25c 1/4 oz.....50c Oz.....\$1.50
Pride of Garden (Dwarf African). Double orange. Tr. Pkt.....10c Oz.....40c

Mexican Dwarf Orange

In our trials last season we considered this variety outstanding among all new strains we had under observation. It is unlike any other Marigold now known, semi dwarf in habit, freely branched, and heavily laden with quantities of its unique semi tubular petaled flowers of bright orange. We consider Mexican Dwarf Orange an outstanding new Marigold for this season. Tr. Pkt.....25c 1/4 oz.....50c Oz.....\$1.50

Dwarf, French Mixed.

Dwarf French Monarch Strain Mixed. A very compact type comprising a wide range of colors, bronze, yellow and mahogany. Tr. Pkt.....15c 1/4 oz.....25c Oz.....80c

Dwarf French, Robert Beist, Selected Strain (Double)

Small-Flowered. The blooms measure about the equivalent of a fifty-cent coin and the color combination is most pleasing, namely, velvety reddish brown with small golden center. Tr. Pkt.....15c Oz.....50c

Prince of Orange, Tall African

Same as above in lemon color. Tr. Pkt.....25c 1/4 oz.....40c Oz.....\$1.25

MARIGOLDS (Continued)

Lemon Queen, Tall African

Same as above in lemon color.

Tr. Pkt.....25c 1/4 oz.....40c Oz.....\$1.25

Royal Scot

Modern as the crack Scottish Railway train, the Royal Scot, from which it borrowed its name, this marigold is the most striking yet introduced. The large well formed double flowers are produced in abundance on plants from 24 to 30 inches in height. The color is a charming combination of mahogany and gold symmetrical stripes which radiate from the center of the flower. We feel confident that Royal Scot will be welcomed by florists and home gardeners alike.

Tr. Pkt.....25c 1/4 oz.....50c Oz.....\$1.50

Tall French Single

Josephine. Single dark crown with edging of gold and a glint of crimson. Very desirable for pot plants.

Tr. Pkt.....10c Oz.....40c

Fire Cross, Dwarf French

Small-Flowered. Single, saffron orange with brown, red center. An improved Legion of Honor. Tr. Pkt.....20c Oz.....75c

Legion of Honor

PANSY

A.B.C. "De Luxe" Fancy Colored, Large Flowered Mixture

(Our Exclusive Introduction)

Pansies are a Leading Specialty with Us

A. B. C. "De Luxe" Pansies

Will satisfy your critical trade both as to size and variation of coloring. Truly the "last word" in Pansy mixtures, and is our exclusive strain. If you are looking for "the unusual in Pansies" and your trade will pay the price for product, here it is. We have searched the world over to find a better mixture. However, thus far we have been unable to improve on "A. B. C. De Luxe."

This exceptional mixture is highly recommended for cut flowers, likewise for spring plant sales. Numerous growers have told us that "De Luxe" Pansy plants in flower virtually sell themselves and command a premium over stock produced from other so-called fancy mixtures. You will, we are quite sure, make no mistake in continuing your pansy cultures to A. B. C. "De Luxe" Mixed.

NEW PRIMULA MALACOIDES

ERIKSSONI

(Non-Poisonous)

Exclusively Introduced by American Bulb Co.

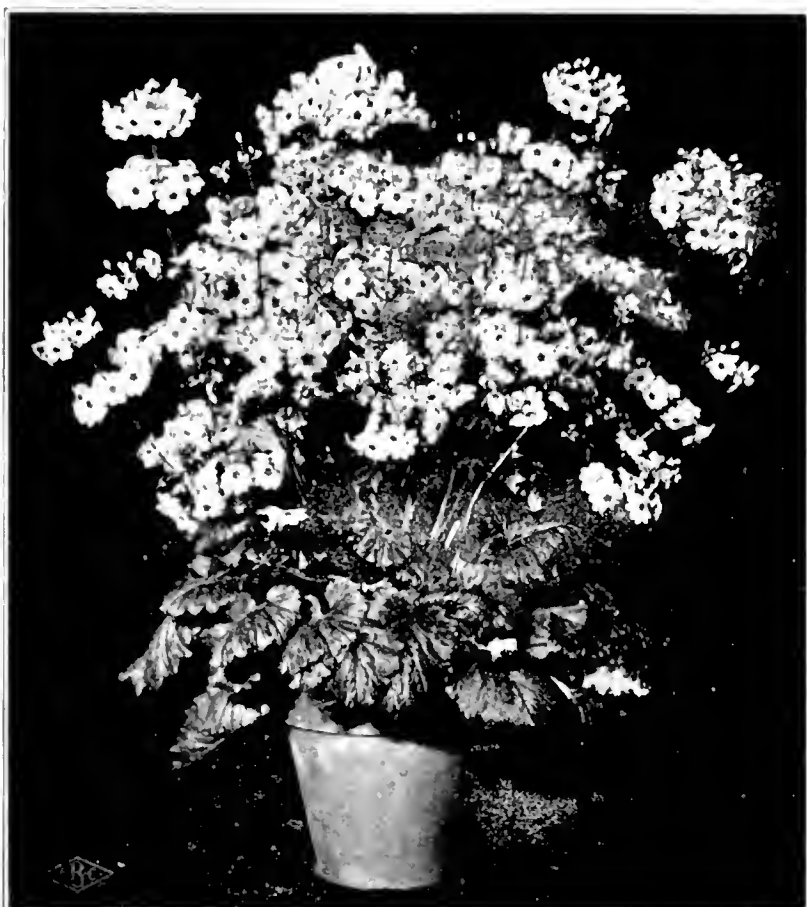

A Money Maker for the Florist Grower

Many of our friends have told us that we deserve a lot of credit for having again popularized Primula Malacoides, which years ago was a great favorite of commercial growers. The truth of the matter is that Primula Malacoides Erikssoni has "sold itself" simply because the strain is so much superior to anything offered in the past. We only take credit for having the ability to recognize a superior product which has resulted in a goodly profit to our florist friends.

SPECIAL NOTE:

The True Strain is supplied only in Eriksson's Original Packages; accept no substitute. We consider this a "de luxe" plant novelty and do not believe any grower of pot plants can afford to be without a good supply of the different kinds offered.

PRIMULA "ERIKSSONI" Continued on Next Page

Primula Malacoides "Erikssoni"
PRIMULA ERIKSSONI (Continued)

Eriksson's 1936 Malacoides Introduction

Appleblossom

A true Appleblossom shade, Pink and White. Destined, we believe, to become as popular as his 1935 introduction, namely, Brilliancy. Mr. Eriksson states Appleblossom in blooming size has had a large call from florist buyers and he highly recommends this new kind. Tr. Pkt. (500 seeds)...\$1.00

After much painstaking effort, Mr. Ernst Eriksson, of Riverside, Ill., has accomplished four new and valuable varieties of **Primula Malacoides Erikssoni**, namely:

Brilliancy. Opens lavender-pink, changing to crimson-red.

Salmon Beauty. True salmon.

Snow King. The pure white the trade has long been waiting for.

Prices: Separate, or the three varieties mixed.

Tr. Pkt. of 500 seeds..... \$1.00

Eriksson's Standard Varieties

Wonder Baby. A most beautiful pink.

Baby Rose. Very deep pink, some almost red.

Baby Doll. A deep pink with frilled flowers.

New Baby. Near lavender-pink; the strongest grower with the largest flowers.

Choice Mixture (of above).

Prices: Tr. Pkt. 800 seeds...\$1.00 2000 seeds...\$2.00 1/64 oz...\$5.00

Complete cultural directions, compiled by Mr. Eriksson, furnished free with each order.

PRIMULA

Obconica Grandiflora

Mohnstein's Atrosanguinea. Dark blood red. Choice.

Mueller's Rosea. Pure rose. Choice.

Mixed. Mohnstein's Atrosanguinea and Mueller's Rosea.

Price of each of above:

Tr. Pkt.....\$1.25 1/64 oz.....\$3.25 1/32 oz.....\$5.50

Note: We import direct, from the introducers, 1/32 oz. quantities in sealed glass tubes and so supply customers. Providing order calls for 1/32 oz. of individual varieties. Otherwise smaller quantities are furnished in our sealed paper packets.

Primula Obconica, M and M Type (Note Size of Flowers)

PRIMULA OBCONICA (Continued)

Better Days. A valuable new color. Deep carmine red. The darkest and one of the most valuable Obconica yet introduced. Very large flowering and the compact, well branched growth is very symmetrical and the mass of flower heads show evenly above the dark green foliage on strong stems. Tr. Pkt.....\$1.25 1/64 oz.... \$3.25
Fasbender. Rich deep red. Tr. Pkt..... \$1.00 1/64 oz.... \$1.75
Coerulea. Clear light blue. Tr. Pkt..... .50c
Lachrosa. Salmon-rose. Tr. Pkt.....\$1.00 1/64 oz.... \$2.00
Grandiflora Alba. White. Tr. Pkt......50c 1/64 oz.... \$1.50
Salmon Queen. Tr. Pkt.....\$1.00 1/64 oz..... \$2.00

VARIOUS PRIMULAS

PRIMULA, CHINESE GIANT

A Startling New Chinese, "Dazzler." From Hurst & Son, seed merchants and growers of London, England, comes a "really startling novelty in flower seeds." It is a Chinese Primrose (*Primula Sinensis Fimbriata*) which the firm has named Dazzler in recognition of its striking and unusual color; "orange red," as seen in the setting sun, is suggested as the only term that accurately describes it. It is claimed that a well-grown specimen will carry well over 20 flowers open at one time; also that while handsome under all circumstances, the blossoms are especially effective under artificial light. Tr. Pkt..... \$1.00
Chinesis, Prize Mixed. Tr. Pkt......50c 1/32 oz..... \$2.00

SINENSIS STELLATA

Indispensable for general decorative work. The plants are very floriferous and bloom for a long period. A good keeper and the flowers remain fresh in water for a long period.

Giant Blue Star. Giant Salmon Pink Star. Giant White Star.

Each Tr. Pkt. (250 seeds)..... 50c

KEWENSIS

Various Sorts. (Verbena scented yellow primrose.) Of strong growth; long spikes of yellow flowers. For greenhouse culture.

Schizanthus "Ball's Dwarf"

For Pot Plants This Is the Strain To Use

SCHIZANTHUS (Butterfly Flower) Continued

Ball's Dwarf (New). Does not get over 12 to 14 in. high and produces a dense head of flowers in an attractive mixture of colors. Compact growing and flowering habit. This new strain is perfection for use as a 4 in. pot plant. Tr. Pkt.....50c ½ oz.....\$1.00

New Schizanthus, Sutton's Pansy-Flowered (Danbury Park Strain)

The following is Sutton's (England) description: "This new type of Schizanthus, which we had the pleasure of introducing in 1932, has become very popular. The large smooth-edged Pansy-flowered blooms are remarkably substantial, while the rich self-colors in all shades of pink, crimson, mauve, and purple as well as white, are extremely bright and attractive. The plants included in our Exhibit at the Chelsea Show in May last were very much admired; for this display we were awarded the Sherwood Cup for the Most Meritorious Exhibit in the Show, and the Royal Horticultural Society's Gold Medal."

A. B. C. OFFERS THE NEWEST "STYLES" IN PETUNIAS

New Double Flowering Fringed Petunia, "World Beauty," Original Strain
(Named and Introduced by the American Bulb Company)

The Significance of "What's New" to the Florist

Increased Sales—More Profit

For the American public at large, the phrase, "What's new?" is rapidly becoming one of the most popular forms of greeting. To the florist, however, this expression has far greater significance, for he often interprets it in terms of dollars and cents. Accordingly, the florist who answers the question, "What's new?" with saleable merchandise soon discovers more customers, increased sales, and greater profits.

As a means to this end we recommend to growers liberal plantings of the newer strains of Petunias, particularly "World Beauty" (Original Strain) introduced and named by A. B. C., All Double "De Luxe" Mixed, A. B. C. (Eriksson's Strain), "Private Stock" Mixed, "Bountiful Portland Varieties," "A. B. C. Celestial" (Originator's German Strain), as well as the other new kinds illustrated and described in this list. "World Beauty" has especially proved to be a wonderful money-maker for the trade, and we believe florists will find it worth while to culture same in a large way.

"World Beauty"—The "Queen" of All Petunias

Illustrated Above

Produces (from seed) practically 100% large double fringed flowers of the most beautiful rosy carmine color, wonderfully free blooming plants of the dwarf, compact growth which makes this grand new sort particularly desirable for pot plants as well as bedding. World Beauty has really created a sensation wherever shown. A few plants in bloom for demonstration to the public early in the season will undoubtedly result in an active and most profitable demand for this new favorite.

For Mother's Day

"World Beauty" has proved to be an ideal pot plant and a worth-while profit provider. We introduced "World Beauty" to the trade and are again securing our seed supply from the originator, thereby insuring our customers the true variety. Sow seed early and follow with successive plantings up to March 1st next. We say by all means if you culture Petunias, do not leave "World Beauty" off your list. It is unquestionably the "last word" in Double Petunias.

Price of "World Beauty" Seed, Original Strain:
500 seeds...\$1.25 1,000 seeds...\$2.00 3,000 seeds...\$5.00

"WORLD BEAUTY IS A WINNER"

An Unsolicited Testimonial

American Bulb Co.,
Chicago, Ill.

Dear Sirs: Your World Beauty Petunia is a winner! As a pot plant it "sold itself" the past spring and when short of Carnations I used some for funeral work. After placing stems in the water a

Niles, Ill.

few hours the blooms remained firm for a long period.

Thanks for recommending this to me. Let me know when you have some more good new kinds of flower seed items. Yours very truly,

(Signed) KABOT GREENHOUSES.

PETUNIAS "ROSE KING IMPROVED"

(Illustrated Opposite)

One is immediately struck with the
clearness of the bright rose-pink color
and the uniformity of the shade. The
flowers are large, usually 3 inches in
diameter, and have a lovely golden
throat. The plants grow to a height of
about 14 inches, but commence bloom-
ing when only a few inches tall. The
plants have a nice erect branching
habit and are very free flowering. Pe-
tunia, Rose King Improved, makes an
excellent cut flower as well as an ideal
bedding Petunia of the Giant Hybrid
type. Tr. Pkt. 25c 1/16 oz. 75c

"BOUNTIFUL STRAIN" PORTLAND PETUNIAS Single, Large Flowered

(Fringed and Ruffled)

Originator Strains, Seed from Hand Pollinated Plants

Free flowering strong upright growths. Now very popular with the trade. Especially "Elk's Pride," which is the most outstanding of all purple varieties.

All flowers are hand pollinated and the seed carefully gathered by hand when ripe, not before, so that every seed has full germinative power. Colors run true almost without exception, but nature still seems to insist upon a small percentage of reverts to small flowers. Infinite care and time seem unable to eliminate this natural trait in Petunias.

Apple Blossom. Light pink.
Elk's Pride, Improved. Royal purple.
Lilac Beauty. Soft lilac.
Pride of Portland. Deep rose.

Violacea. Deep rich shade, dwarf growth.	.25	.50	1.75
Special Mixed	.25	.50	1.75

New Petunia, Ruffled Nana Compacta, "Martha Washington"

A new break in Petunias. Martha Washington is a ruffled or frilled nana compacta. Its growth is about 9 inches high and it forms a perfect ball effect, literally smothered with lovely frilled blooms about 3 inches in diameter. Its neat, compact habit has never before been seen in Petunias.

The color is quite remarkable. The frilled portion of the flower is a beautiful bluish pink and the center portion is strongly veined a rich wine-red deepening in the throat, which is large, to dark violet; the whole forming a striking contrast of colors. Award of Merit All America Selections 1935. Highly Commended R. H. S. 1935. Tr. Pkt. 25c

Petunias, Various Types

The two "Gem" Petunias a miniature small-flowered class of ideal rounded, compact, very free-flowering habit. 8 to 10 inches in height.

Rose Gem (New). Clear deep rose.
Tr. Pkt. 35c 1/64 oz. \$1.25
Pink Gem. Compact, rose-pink flowers.
Tr. Pkt. 25c 1/8 oz. 60c 1/4 oz. \$1.00
Howard's Star. Purple with white star. Our Strain of this comes quite true.
Tr. Pkt. 35c 1/4 oz. \$1.00
Parviflora. Creeping habit with diminutive pink flowers, valuable as a cover and excellent for rock gardens. Tr. Pkt. 25c

Petunias—All Double

"Madonna" or "Snowball." 4 in. Height 10 in. We believe this to be the best Double White-Fringed Petunia. 1/2 Tr. Pkt. 75c
Tr. Pkt. \$1.50 3 Tr. Pkts. \$4.00
"Purple Robe." 4 in. Height 10 in. Dark velvety purple, beautiful. 1/2 Tr. Pkt. 75c
Tr. Pkt. \$1.50 3 Tr. Pkts. \$4.00
Veined Beauty. White with blue vein, 4 in. Height 12 in. In our trial grounds we found this strain to be exceptionally beautiful, flowers very large and practically 100 per cent true to color. Highly recommended. 1/2 Tr. Pkt. 75c
Tr. Pkt. \$1.50 3 Tr. Pkts. \$4.00
Shepherd's Pride. Attractive shade of salmon or shrimp-pink. Produces about 60% of large double flowers, the balance beautiful single blooms. 1/2 Tr. Pkt. 75c
Tr. Pkt. \$1.50 3 Tr. Pkts. \$4.00

Small Flowered Double Petunia "Double Rosy Morn" Dwarf

This beautiful small-flowered Double Pink Petunia has come into the greatest favor, especially as a pot plant. However, since seed produces only a nominal number of double flowers, it is well to sow early and take cuttings from the true double. The single flowers produced from this strain are, however, equal to the highest type of Rosy Morn and all available.

PETUNIA "IMPROVED SNOWSTORM" . . . THE BEST PURE WHITE

HEADQUARTERS FOR PETUNIAS IN THE "BETTER VARIETIES"

New
Petunia

A. B. C. Improved
"Snowstorm"

New Pure White Dwarf Petunia A. B. C. Improved "Snowstorm"

(An A. B. C. Introduction)

12 inches high, Improved "Snowstorm" is a pure white developed along the line of our "Private Stock" Mixed color strain. Flowers are the same size, 3 to 4 inches in diameter. The same free blooming habit makes this new variety particularly desirable as a pot or bedding Petunia. Don't overlook this valuable new kind for the coming spring. "Snowstorm" is unquestionably the "Queen" of all White Petunias.

UNSOLICITED TESTIMONIAL

American Bulb Company,
1335-1341 W. Randolph,
Chicago, Ill.

Mercedes, Texas,
May 9, 1936.

Dear Sirs: Among my trials of about 15 varieties of flowers from seeds furnished by you this season, several of which have been more than satisfactory, I wish to advise that the A. B. C. "De Luxe" Double Mixed Petunias which were planted October 14th, began blooming early in February, and the bed is still a riot of color. They came 100 per cent double, about 80 per cent being super-double and frilled, with a splendid range of colors and color combinations, the remaining 20 per cent being fully doubled. I have won 2 first prizes at flower shows with exhibits from this planting. For the amateur gardener, it's the best Petunia I have ever seen. Yours truly,

(Signed) FRED JOHNSTON.

All-Double "De Luxe" Petunias

Giant Fringed Dwarf Mixed

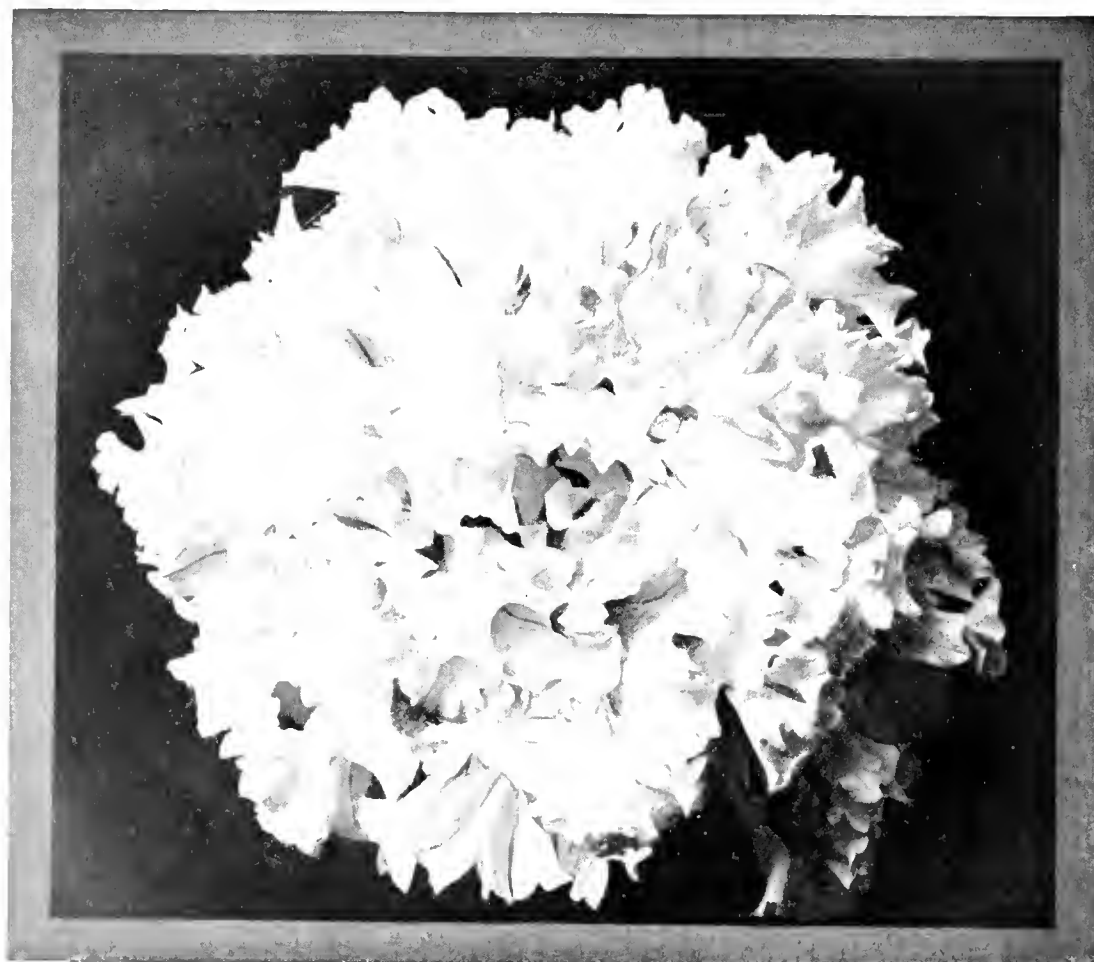

Same type as "World Beauty" illustrated on page one, but in choicest mixture. This notable strain produces 100 per cent Double Flowering Petunias mostly of the Giant Fringed Type; the percentage of somewhat smaller flowering Doubles does not, as a rule, exceed 25 per cent; the remainder will be all large flowering fringed Doubles. The flowers are very large, often measuring 5 inches across, exquisitely ruffled and fringed, and contain a good range of brilliant colors. In addition to their desirability for pot plants and bedding they likewise provide valuable summer cut flowers for the retail grower.

¼ oz. \$2.25 Oz. \$8.00

Improved Bismarck Stocks
(Early Giant Imperial)

An especially meritorious class. These stocks are giant, growing from 24 to 30 inches tall, of branching habit, producing innumerable large spikes 12 to 16 in. long, coming into bloom in about twelve weeks after seedlings are planted. A high percentage of doubles can be depended upon from this strain.

***Rose.** Fine standard color.

Flesh. Delicate shade of pink.

***Lavender.** Fine standard color.

***Chamois.** Ivory, tinted old rose. Choice market color.

Golden Ball. Clear ivory yellow.

***White.** Early clear white.

Apple Blossom. Blush.

SWEET PEAS (Summer Flowering) Continued

Generally planted for outdoor culture. However, this class is also sown with late planting of "Early or Winter Flowering" varieties. They branch freely at the base, not climbing until the early kinds begin to exhaust themselves, after which they produce freely, well through June in northern latitudes.

*Blue Bird. Rich blue.	Lady Ruffles. Soft pink.
Campfire. Deep scarlet. Sunproof.	Magnet. Cream pink.
Cattleya Queen. Rich rosy mauve.	Master Cream. (Black seeded) cream.
Charming. Soft cerise.	*Mary Pickford. Creamy salmon-pink.
*Chieftain. Satiny mauve.	*Miss California. Cream-pink.
*Constance Hinton. Black seeded white.	Model. Best black seeded white.
Countess Spencer. Rose pink.	*Mrs. Cuthbertson. Rosy-pink standard, white wings.
*Commander Godsall. Large violet-blue.	Mrs. Tom Jones. Bright blue; large.
*Crimson King. Giant deep carmine.	Olympia. Deep purple.
Debutante. Soft salmon shaded peach pink.	*Pinkie. Deep rose-pink.
*Doreen. Carmine.	*Powers Court. Pure lavender: extra.
*Elfrida Pearson. Large pale pink.	Prince of Orange. Deep orange.
Fluffy Ruffles. Cream pink.	*Royal Purple.
Giant White. Pure white.	*Royal Scot. A fiery, deep cerise.
Gleneagles. Clear even lavender.	Supreme. Soft delicate pink.
*Hawlmart. Lavender.	The Clown. White with blood crimson markings. (Very effective for bunching.)
*Hawlmart Salmon-Pink. Rich deep pink with salmon and orange.	*Warrior. Rich, reddish maroon flushed with bronze.
*Heavenly Blue. Delphinium blue.	*Welcome. Dazzling scarlet.
Hebe. Best large rose pink.	*Youth. Large, white, pink picotee.
Hero. Cerise.	
*Hercules. Giant pink.

TORENIAS

Every florist that grows bedding plants and material for porch and window boxes and is not now handling any of the Torenias should investigate the possibilities of these plants. That they are not well known is shown by their absence from so many gardens. And that they deserve far more attention than they now get, is evident from their good behavior under average garden conditions.

VERBENAS

A. B. C. Giant Flowering

A magnificent new strain of Verbenas of robust compact habit and free blooming. The trusses are immense, the individual florets measuring fully an inch in diameter.

SPECIAL NOTE

At the 1935 Wisley Trials in England, Waller Franklin Seed Co., of Guadalupe, Calif., and from whom we obtain supplies of seed, obtained awards for Verbenas, Salmon Pink, Etna and Spectrum Red, also Royale and Violet Bouquet were highly commended. These trials are highly competitive and such awards are indicative of the high value of our giant strain of Verbenas.

Beauty of Oxford Hybrids. A valuable new strain. Rose Pink to Rose Red shades. Tr. Pkt.....35c ¼ oz.....60c Oz.....\$2.25			
Cerise Queen. A beautiful shade of soft salmon cerise. Quite new in Verbenas. Tr. Pkt.....25c ¼ oz.....60c Oz.....\$2.00

White. Tr. Pkt.....25c ¼ oz.....35c Oz.....\$1.25

Verbena Venosa Heliotrope Blue

Tr. Pkt.....25c ¼ oz.....40c Oz.....\$1.50
--

Verbena (Hybrid) Beauty of Oxford

Verbena, New Venosa Lilacina (Sow Early)

Verbena Venosa, known in the catalogues as a perennial, is one of the most useful "blue" flowers one can grow. It is excellent as a cut-flower. In color, the flowers are delicate lavender-blue. One of this verbenas' qualities is its drought resistance. It will endure the most trying of seasons. The compact and bushy habit of the plant is inviting and it grows from 12 to 18 inches in height. Those who grow it will be well repaid with its beauty and attractiveness as a border plant. Also very desirable for cutting.

This verbenas must be treated as an annual. If possible, sow the seeds under glass in early Spring. The plants will flower in four months' time, continuing to bloom until frost. It is a strong grower, perfectly hardy and very free flowering, being literally covered with flowers throughout the season.

For a striking bedding combination the above verbenas bordered with Tagetes Little Giant combines a combination of blue and gold that is hard to beat. Used extensively in the Chicago Parks. Also this Verbena when bordered with Sweet Alyssum provides a "happy combination."

New Venosa Lilacina. Tr. Pkt....35c ¼ oz.....75c Oz.....\$2.50

Vinca (Periwinkle)

Vinca Rosea. Periwinkle. Requires a warm house and an early start. 12 inch.

Pink Alba Oculata, white with rose eye. **Delicata,** soft pink. **Alba Pura,** pure white.

Mixture. Each: Tr. Pkt.....20c ¼ oz.....30c Oz.....90c

Viola (See Perennial Pages)

Wallflower

Annual. When flowered under favorable conditions this highly attractive, richly scented flower is valuable for cutting as well as pot plant work.

Gold Standard. The standard color. A deep golden yellow. One-half to three-fourths of your planting should be of this variety.

Golden Yellow flaked brown. A rich combination of deep golden yellow with mahogany.

Dark Brown. A rather heavy color.

Zinnia California Giant or Mammoth

BODGER'S FAMOUS "GOLD MEDAL" ZINNIAS FOR CUT FLOWERS AND GARDEN SHOW

Few flowers have exhibited greater improvement at the hands of hybridizers than the Zinnias, and their improvement has been matched with a corresponding increase in public favor. For those getting started with Zinnias, it should be emphasized that the nature of the plants demands plenty of warmth. This is explained by the fact they are native to Mexico. This temperature requirement also, of course, applies to their seed germination, which will be a certain failure in a cold, wet soil. The warm end of a carnation house or, say, a temperature of around 55 to 60 degrees nights will germinate it.

"Dahlia Flowered" Zinnias

Prime Favorites for Cut Flowers

The plants are of medium height, 2 to 3 feet, very robust, bearing many long stems of the fully double, huge flowers which resemble the show type of Dahlia.

Canary Bird. Delicate shade of primrose.

Crimson Monarch. Best of red shades.

Dream. Fine deep lavender turning to purple.

Exquisite. Light rose with center a deep rose (Tyrian Rose).

Giant Attraction. Brick red.

Golden State. A very rich orange-yellow (Cadmium). Yellow in the bud, turning to an attractive orange when in full bloom.

Golden Dawn. Golden yellow.

Illumination. Striking self color of deep rose (Tyrian Rose).

Lemon Beauty. Light Lemon Yellow, turning russet as it ages.

Luminosa. Bright deep pink, with a light suffusion of salmon.

Meteor. Rich, glowing deep red, the darkest of all red shades.

Old Gold. Deep and lighter shades of old gold.

Old Rose. Real old rose shade.

Oriole. Orange and gold bicolor.

Purple Prince. Fine deep purple.

Polar Bear. A very large, pure white—the best white yet seen in Zinnias.

Scarlet Flame. A large, beautiful, bright scarlet, with a beautiful blending of orange throughout the petal. This is not a bicolor.

Youth. A beautiful soft rose self.

Giant California or Mammoth Flowered Zinnias

Coming Into Great Favor for Cutting

Introduced in 1926 by Bodger, the originators of worth while Zinnias. This type has rapidly gained in popularity. The plants are taller than the Dahlia flowered type, 3 to 4 feet, with long stems which adapt it particularly for use as a cut-flower. Flowers are very large and flat, giving a graceful effect.

Brightness. Bright, deep rose.

Cerise Queen. Another new color we have added which should be in all collections. It is very bright and very striking.

Daffodil. Bright canary yellow resembling narcissus King Alfred in color. Very fine.

Enchantress. Light rose, deep rose center.

Golden Queen. Golden yellow.

Grenadier. Bright dark red.

Lavender Gem. Deep lavender turning to purple.

Miss Willmott. Soft pink.

Orange King. Cadmium or orange scarlet.

Orange Queen. Golden orange.

Purity. White.

Rose Queen. Bright rose.

Salmon Queen. Salmon rose.

Scarlet Gem. Glowing scarlet.

Violet Queen. Deep violet to purple.

Bodger's Famous "Gold Medal" Zinnias for
Cut Flowers and Garden Show

NEW

Chrysanthemum Flowered ZINNIA "FANTASY"

(See Illustration Below)

Zinnia New Fantasy Mixture

Award of Merit Winner 1935 All America Selections

Fantasy is the most fascinating new Zinnia type introduced to the flower world in many years. The very informal, shaggy appearing flowers are graceful and interesting, quite distinct from the stiff, formal zinnias to which we are accustomed. The rounded medium sized flowers are composed of a mass of shaggy ray-like petals which give a delicate and refined appearance, large enough to satisfy the desire for mass of color, yet small enough to lend themselves gracefully to flower arrangement. The color range includes the brightest shades of reds, yellow and orange, as well as the popular pastel pinks and cream.

Tr. Pkt.....25c 1/4 oz.....50c Oz.....\$1.50

Crown of Gold Mixture

The aristocrat among Zinnias—each petal of the flower is overlaid with a deep golden-yellow at the base, while carrying out the individual flower color at the tip. The color range includes the popular florist shades: Old Rose, Cream, Yellow, Carmine, Red, Pink, etc., in mixture.

Tr. Pkt.....25c 1/4 oz.....50c Oz.....\$1.50
Desert Gold (New). New yellow shades.
Tr. Pkt.....25c 1/4 oz.....65c Oz.....\$2.00

Scabious Flowered Mixture

Tr. Pkt.....25c 1/4 oz.....65c Oz.....\$2.00
Medium size flowers resembling Annual Scabiosas.

Haageana Double (Mexican Hybrids)

The small flowered Mexican Zinnias have a charm all their own. The smaller flowers lend themselves to bedding and make a brilliant display and yet have stems long enough to make fine bouquets for small vases and bowls. The mixture contains many attractive colors and color combinations.

Tr. Pkt.....25c 1/4 oz.....50c Oz.....\$1.50

Pumila Picotee Delight

One of the best florists' cut flower Zinnias on the market. Flowers medium, petals curled, with picotee markings, plants 2 to 2 1/2 feet.

Golden Ray. Golden orange....Tr. Pkt...25c 1/4 oz...50c Oz...\$1.50
Salmon Rose.....Tr. Pkt...25c 1/4 oz...50c Oz...\$1.50

Tr. Pkt.....25c Oz.....\$1.25

Gracillima (Red Riding Hood)

Miniature bright crimson flowers about half the size of Lilliputs. 1 foot high, splendid for bedding. Tr. Pkt...25c 1/2 oz...80c Oz...\$1.50

Zinnia Lilliput

LILLIPUT ZINNIAS

Have obtained the greatest favor for cut-flowers—especially the varieties "Salmon Rose" and "Red Riding Hood". They fit in extremely well for small vase decoration and cut-flower work generally.

"Supreme" Quality

Flower Seeds

Hardy Biennial and Perennial Flower Seeds

FOR THE FLORIST AND NURSERYMAN (See Also Novelty Pages in This Book)

Achillea—Milfoil, Yarrow

Plurica "The Pearl". One of the best hardy white perennials. Grows about 2 feet high. Is covered with heads of purest white double flowers from June until frost. Tr. pkt.....50c Oz.....\$2.50

Aconitum—Monkshood, Helmet Flower

Napellus. Produces long spikes set with blue flowers. Well adapted for planting among shrubbery or in shady corners. Seed is of slow germination; 3 to 5 feet. Tr. pkt.....30c Oz.....\$1.25
Wilsoni. A tall growing variety, 5 to 6 feet high, producing during the late fall very effective violet-blue flowers. Tr. pkt....30c Oz.....\$1.50

Agrostemma—Rose of Heaven

Coronaria (Mullein Pink). Stout, erect-growing plants with silvery foliage, flowers during July and August. Bright rosy crimson flowers; 2½ to 3 feet. Tr. pkt.....10c Oz.....25c
Coronaria Alba. The flowers are velvety white. Tr. pkt....10c Oz.....25c

Alyssum—Goldentuft

Saxatile Compactum (Basket of Gold). An indispensable plant for the rockery or border, growing 1 foot high and producing in May masses of broad, flat heads of bright yellow flowers. Tr. pkt....20c Oz....75c
Rostratum. Dense heads of bright golden flowers in June and July. 20 inches. Tr. pkt.....50c Oz.....\$2.50

Ampelopsis—Boston or Japanese Ivy

Veitchi. The best and most popular hardy climber for covering brick or stone walls. Tr. pkt.....10c Oz.....30c ¼ lb.....\$1.00

Anchusa—Alkanet, Bugloss

Italica, Dropmore Variety. Grows 3 to 5 feet high. Bears during May and June in abundance, flowers of the richest Gentian blue. Tr. pkt....15c Oz.....60c ¼ lb.....\$2.00
Italica Lissadell. An improved form of the Dropmore variety. Of strong, vigorous growth, about 5 feet high. Showy sprays of extra large, clear gentian-blue flowers. Tr. pkt.....20c Oz.....75c

Anchusa Myosotidiflora

A distinct dwarf species, 10 inches high, producing during April and May sprays of Forget-Me-Not-blue flowers. Excellent for the rock garden and as a ground cover for Lilies. Tr. pkt....50c Oz.....\$6.00

Anemone—Windflower

Coronaria, Mixed Colors (Poppy Anemone). Many splendid colors. Tr. pkt.....15c Oz.....60c
St. Brigid. A beautiful selection of the above. Our seed comes from a famous Irish grower and comprises semi-double and double flowers in a wonderful array of colors. Tr. pkt.....30c Oz.....\$1.50

Anthemis—Marguerite

Kelwayi. A most satisfactory hardy perennial bearing daisy-like golden yellow blossoms. Excellent for cutting; 2 feet. Tr. pkt....15c Oz....60c
Perry's Variety. Large, well shaped, bright golden yellow flowers. Tr. pkt.....25c Oz.....\$1.00

Aquilegia—Columbine

LONG-SPURRED COLUMBINES

This strain is unquestionably the finest yet produced. The plants are of strong, thrifty growth, with flowers of largest size, varying in color through tones of cream, pink, lavender, blue, white, red, etc.

—**Mayfield Giant.** The plants are taller and more vigorous than the type. The individual flowers are larger and the stems are longer and stiffer. Tr. pkt.....20c Oz.....75c
—**grandiflora Double Yellow.** (Double-Flowering Coreopsis). This double and semi-double form is just as easy to grow as the single, and the extra petalage adds a further charm to the flower.
Tr. pkt.....25c Oz.....\$1.00

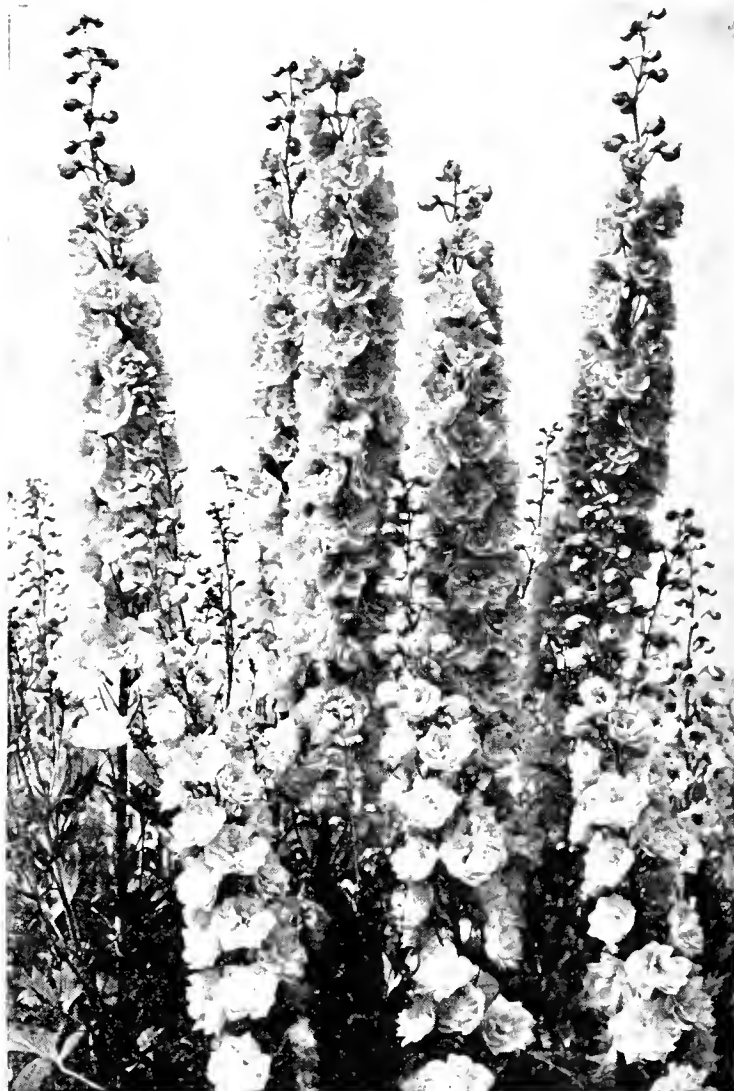

Coreopsis Grandiflora New Double Sunburst

COREOPSIS GRANDIFLORA DOUBLE SUNBURST

(PERENNIAL)

Much of the beauty of early summer gardens is due to the brilliant golden yellow of Coreopsis plantings. There is nothing that can take its place at that time of year when yellows are so scarce, and when variations in the type are produced, they are welcomed gladly. Sunburst is a pleasant change from the well known single form, retaining its beauty of color while augmenting its effect of brilliance through the doubling of petals. The double flowers are large, 1½ to 2 inches across, deep golden yellow, and are excellent for cutting as well as for garden decoration. The flowers are fine keepers, and the plants are easy to grow. The strain is remarkably true, coming 80% double, and is recommended. Tr. Pkt.....20c ¼ oz.....35c Oz.....\$1.00

Delphinium, Blackmore and Langdon's
Gold Medal Hybrids

Delphinium, Blackmore and Langdon's Gold Medal Strain

EXCEPTIONAL FOR CUT-FLOWERS AND GARDEN SHOW

We believe everyone will agree that there are no better Delphinium strains to be found anywhere than those developed and sold by Blackmore and Langdon of Bath, England. Their famous Delphiniums have been admired by connoisseurs from all parts of the world, they have been exhibited at all the important horticultural shows and exhibitions, and have been granted literally hundreds of medals, prizes, certificates and awards. We are proud to announce that we have arranged with Messrs. Blackmore and Langdon for the distribution of seed of their famous Gold Medal Strain of Delphinium, seed imported directly from the originators.

The flower spikes, as may be seen from the accompanying illustration, are extremely heavy, full flowered, and exceptionally long, while the plants reach a height of from 4 to 6½ feet, depending on the variety. To those who are acquainted with Blackmore and Langdon's Delphiniums no more need be said, and to those who have never grown these famous Delphiniums we recommend most urgently that this very valuable strain be incorporated in the Delphinium list.

Iceland Poppy, "The Empress"
Another Desirable New Variety for
Cut Flowers

The Empress

BODGER (INTRODUCER'S) DESCRIPTION

Our new Nudicaule Poppy, The Empress, is truly queen of the Iceland Poppy family. Distinct from all other strains, it is remarkable first for flower form—large, full, well formed flowers, with broad overlapping petals deeply fluted or wrinkled, giving an effect almost of doubleness, an illusion which is most delightful. Secondly, the color range is unique lovely shades of salmon rose and creamy pinks never before seen in Nudicaule Poppies, fascinating tones to intrigue the imagination. The flowers are carried on good strong stems, which make them fine for cutting. Tr. pkt.....50c

Papaver Nudicaule—(Continued)

The Emperor

BODGER (INTRODUCER'S) DESCRIPTION

The Emperor is without a doubt the best orange Iceland Poppy available, the same type as The Empress, with extremely large fluted petaled flowers, many with an extra row of petals. The color is remarkably true, the same shade as our El Monte, deep tangerine orange, but the flowers are larger, and are borne on very long strong stems. We highly recommend The Emperor. Tr. pkt.....50c

Pentstemon—Beard Tongue

Most useful showy perennials, flowering throughout the summer months.

Heterophyllum, Blue Gem. Growing about one to two feet high with flowers of a very bright blue color from June to August. Particularly desirable for rock gardens. Tr. pkt.....40c Oz.....\$2.00

Barbatus coccineus. Spikes of brilliant scarlet flowers; height, 3 to 4 feet. Tr. pkt.....20c Oz.....75c

Grandiflorus, Mixed. Containing a great variety of sorts. Tr. pkt.....40c Oz.....\$2.00

Perennial Phlox

Decussata, Mixed. Seed saved from a fine collection of named sorts.

Tr. pkt.....30c Oz.....\$1.50 ¼ lb.....\$5.00

Physalis—Chinese Lantern Plant

Francheti. An ornamental variety of the Winter Cherry, forming dense bushes about 2 feet high. Bears a profusion of bright orange-scarlet lantern-like fruits which can be cut and dried, in which shape they are used extensively for floral decorations during the winter.

Tr. pkt.....20c Oz.....75c ¼ lb.....\$2.25

Physostegia—False Dragon Head

Virginica. One of the prettiest hardy perennials. It forms dense bushes, 3 to 4 feet high, bearing freely during the summer months spikes of delicate pink tubular flowers not unlike a gigantic heather.

Tr. pkt.....30c Oz.....\$1.50

Virginica Alba. A pretty white flowered form of the above. Tr. pkt.....40c Oz.....\$2.00

Platycodon—Japanese Bellflower

	Tr. pkt.	Oz.
Grandiflorum. Large steel blue flowers	\$0.25	\$1.00
Grandiflorum Album. Pure white variety	.25	1.00
Grandiflorum Mariest. Dwarf blue	.50	3.00
Grandiflorum Praecox Giganteum (New). A splendid new extra-early flowering variety with magnificent blue flowers measuring 4 in. across. August till frost; 2½ ft. high	.50	2.50

Polemonium—Jacob's Ladder

Coeruleum. Popular hardy perennial with bell-shaped bluish purple flowers nearly 1 in. across; 2 ft.; May to July. Tr. pkt....15c Oz....50c

Potentilla—Cinquefoil

Charming hardy perennial plants with brilliant single or double flowers, mostly in orange, red, and crimson tones. They bloom profusely from June to August, and succeed in any soil. 18 inches.

	Tr. pkt.	Oz.
Double Hybrids Mixed	\$0.50	\$5.00
Single Hybrids Mixed	.20	.75

Perennial Primulas—Hardy Primrose

	Tr. pkt.	Oz.
Auricula. Choice mixed ¼ oz. \$1.50	\$0.50	—
Polyanthus Invincible Giant. A grand strain of strong vigorous habit. Large flowers of wonderful coloring	.50	\$5.00
Polyanthus Giant Munstead Strain. Extra large flowers in white and yellow	.50	6.00
Polyanthus English Mixed. A very good grade saved from a fine strain containing all colors	.50	3.50
Japonica (Japanese Primrose). Bright flowers borne in whorls on stems 6 to 9 inches long; mixed colors	.40	2.00
Vulgaris (English Primrose). Canary yellow, fragrant	.50	3.50

Pueraria—Japanese Kudzu Vine

Thunbergiana. The fastest growing hardy climbing plant. It will grow 8 to 10 feet the first year from seed.

Tr. pkt.....10c Oz.....30c ¼ lb.....\$1.00

Pyrethrum Hybridum—Persian Daisy

	Tr. pkt.	Oz.
Roseum, Rose. Bright rose color	\$0.30	\$1.50
James Kelway. Rich deep scarlet	.50	2.50
Single. Mixed colors ¼ lb. \$1.00	.25	1.25
Grandiflorum. Single, large flowering. Mixed. ¼ lb. \$6.00	.40	2.00
Double Mixed. Extra select strain	.50	5.00

Pyrethrum Aureum

(Golden Feather). Tr. pkt.10c Oz.....40c

Hardy Biennial and Perennial Flower Seeds (Continued)

Rosemary—Rosmarinus

Officinalis. An old favorite aromatic herb with delightfully fragrant, light blue flowers. Grows about 2 feet high and should be planted in a warm dry situation and given a little protection.

Tr. pkt.....20c Oz.....80c

Rudbeckia—Cone-Flower

Newmanii. Dark orange-yellow flowers with deep purple cone borne on stiff, wiry stems. Three feet high. Flowers from July to September.

Tr. pkt.....25c Oz.....\$1.25

Purpurea (Giant Purple Cone-Flower). Flowers about 4 inches across of a peculiar reddish purple with a remarkably large cone-shaped center of brown. Forms bushy plants 3 feet high and blooms from July to October.

Tr. pkt.....25c Oz.....\$1.00

Perennial Salvia—Sage

Azurea Grandiflora. A hardy perennial variety producing during August and September spikes of pretty sky blue flowers in great profusion: 3 to 4 feet. Tr. pkt.....50c Oz.....\$2.50

Farinacea. Light blue, makes a fine line. Hardy with protection.

Tr. pkt.....30c Oz.....\$1.25

Farinacea. (Blue Bedder) A more compact form. Flowers a rich deep blue.

Tr. pkt.....50c Oz.....\$3.00

Saponaria—Soapwort

Ocymoides. A very useful hardy plant for the rockery or the border producing from May to August masses of attractive small bright rose flowers; 8 inches. Tr. pkt.....15c Oz.....50c

Perennial Scabiosa

Caucasica (Blue Bonnet). Valuable for cutting, as the blooms last a long time in water. Color soft lavender-blue; 3 feet.

Tr. pkt.....40c Oz.....\$2.00

Caucasica Isaac House Giant Hybrids. A great improvement over *Caucasica*. It is more vigorous, has larger and longer stems, and heavier petals which are ruffled as well as slightly frilled on the edges. Colors range from light to darkest blue, but delicate lilac and mauve shades predominate. Tr. pkt.....50c Oz.....\$3.00

Columbaria Pink. Beautiful soft pink flowers 2 to 2½ inches across.

Tr. pkt.....50c Oz.....\$2.50

Japonica. Bushy plants, 2½ feet in height, and beautiful lavender-blue flowers. Tr. pkt.....15c Oz.....50c

Sidalcea—Prairie Mallow

Rosy Gem. Bright rose flowers on plants 3 feet high. July-August.

Tr. pkt.....25c Oz.....\$1.00

Stark's Hybrids. A splendid strain producing many different shades. 3 feet high. Tr. pkt.....25c Oz.....\$1.25

Silene—Catchfly

Schaffa (Moss Campion, Autumn Catchfly). Bright pink blooms from June to September. 4 inches high. Tr. pkt.....25c Oz.....\$1.25

Stachys Lanata

Silver Leaves. Purple flowers. Tr. pkt.....15c Oz.....50c

Statice—Sea Lavender

Splendid hardy perennials either for the border or rockery, producing panicles of minute flowers which can be dried and used for winter bouquets.

Dumosa. Dense clusters of pure silver gray blooms; 30 inches.

Tr. pkt.....50c Oz.....\$3.00

Latifolia. Purplish flowers. Tr. pkt.....25c Oz.....\$1.00

Incana, Mixed. Containing many sorts. Tr. pkt.....15c Oz.....60c

Stokesia—Cornflower Aster

Cyanea, Blue. A beautiful native hardy perennial, growing about 2 feet high and bearing pretty lavender-blue flowers. Tr. pkt.....25c Oz.....\$1.25

Cyanea, alba. Pure white. Tr. pkt.....25c Oz.....\$1.25

Mixed. Tr. pkt.....25c Oz.....\$1.25

Sweet Rocket—Hesperis

Matronalis, Mixed. An old fashioned hardy garden plant. Grows from 2 to 3 feet high and bears spikes of showy white, lilac, and purple fragrant flowers. Mixed colors. Tr. pkt.....10c Oz.....25c ¼ lb.....75c

Sweet William—Dianthus Barbatus

There is always a good demand for these beautiful free flowering old fashioned favorites

	Tr. pkt.	Oz.
Single Holborn Glory. Large flowering auricula-eyed.		
Mixed colors ¼ lb. \$1.50.....	\$0.15	\$0.50
Single Newport Pink. Salmony rose or Watermelon pink

Single Mixed. Lovely compact plants 6 inches tall in a wide range of colors. Tr. pkt.....50c Oz.....\$3.50 ¼ lb.....\$10.00		
Single Double Mixed. Tr. pkt.....40c Oz.....\$2.00		

Thalictrum—Meadow Rue

Aquilegifolium album. Elegant Columbine-like foliage and masses of feathery white flowers during June and July; 3 feet.

Tr. pkt.....50c Oz.....\$2.50

Aquilegifolium purpureum. Similar to the above excepting in color, which is rosy purple. Tr. pkt.....30c Oz.....\$1.50

Dipterocarpum. Its dainty, graceful sprays of flowers, elegantly arranged on stems 4 feet high, are invaluable for cutting. The flowers are a charming shade of violet-mauve, which is brightened by a bunch of lemon yellow stamens and anthers. Tr. pkt.....30c Oz.....\$1.50

Thermopsis

Caroliniana. A showy tall growing hardy perennial, producing in June and July long spikes of lupin-like yellow flowers. 3 feet. Excellent for cutting. Seeds germinate slowly. Tr. pkt.....40c Oz.....\$2.00

Thymus

Serpyllum (Wild Thyme). A dwarf perennial with fragrant foliage. Of creeping habit and unexcelled for rock gardens and between stepping stones. Lovely small purple blooms during the summer.

Tr. pkt.....50c Oz.....\$3.00

Tritoma

Red-Hot Poker, Flame Flower, Torch Lily

Early-Flowering Hybrids. These are easy to grow from seed and they will come into blossom quite quickly. The seed we offer has been saved from a splendid collection. Tr. pkt.....30c Oz.....\$1.50

Trollius—Globe Flower

Caucasicus, Orange Globe. A rare variety with large orange flowers that are excellent for cutting. Seeds are very slow germinating. May-June; 18 inches. Tr. pkt.....50c ¼ oz.....\$2.25 Oz.....\$8.00

Tunica

Saxifraga. A pretty tufted plant with light pink flowers produced all summer. Useful either for the rockery or the border.

Tr. pkt.....20c Oz.....75c

Valeriana—Valerian

Rubra, Mixed. Showy, hardy border plants producing large corymbs of red or white flowers. Fine for bouquets. Mixed colors; 2 feet.

Tr. pkt.....15c Oz.....50c

Verbascum Wied.

Dainty Purple Flowers. Tr. pkt.....25c

Veronica—Speedwell

Maritima (Longifolia). Long spikes of blue flowers from July to September. Tr. pkt.....30c Oz.....\$1.50

Repens. A useful rock or carpeting plant with light blue flowers, May-June. Tr. pkt.....50c Oz.....\$2.50

Spicata. An elegant hardy border plant growing about 1½ feet high. Has long spikes of bright blue flowers in June and July.

Tr. pkt.....30c Oz.....\$1.50

Viola Cornuta—Tufted Pansies

	Tr. pkt.	Oz.
Apricot. Apricot yellow, tinted orange.....	\$0.50	\$1.00
Arkwright Ruby (New). Large flowering. Rosy crimson with terra cotta shadings.....(¼ oz., \$1.50)	.50	..

Grow VEGETABLE Plants For Home Garden Trade

A. B. C. "SUPREME" QUALITY VEGETABLE SEEDS

Numerous florist-growers throughout the United States annually realize a handsome profit in the supplying of vegetable plants to their home garden customers; especially tomato plants, for which there is usually a large demand in suburban sections and the smaller towns. Take advantage of this opportunity to increase your spring sales. Our list of varieties is such as are best adapted to home garden culture; however, we can supply all desirable sorts of vegetable seeds in commerce and at market prices. Send us your list of needs and be assured that you will receive the same high grade as we supply in florists' flower seeds.

NOTE: Where not otherwise quoted, we supply 1/2 oz. at ounce rate.

SPECIAL NOTE: In the event that you do not find in our listing of VEGETABLE SEEDS the desired kinds we will be glad to supply such, if obtainable and at market price.—A. B. C.

BLIGHT-
RESISTING
TOMATO****"VENTURA"**

(Diener's Description)

"Ventura" is the most perfect Tomato produced so far, as it is very early. The fruit is as smooth as an apple, having a weight of four to eight ounces. Its flesh is of a fine tomato color and is very solid when ripe, so much so that it keeps solid for several weeks without spoiling or rotting, being immune from Fungi. It can be shipped in a ripe condition to very long distances. "Ventura" has a very delicious taste, it being a seedling of the Diener tomato, which is known for its wonderful flavor when canned. It is extremely free bearing.

When Flowers Are Scarce . . . HERE IS THE ANSWER

Here is a basket any florist can produce with a small investment. Please note we have used about 16 nice spikes of *Liatris Pycnostachya*, 18 nice stalks of *Hemerocallis Kwanso Fl. Pl.* and a small bunch of *Artemesia Silver King* for filler.

These items are very easily grown, succeeding in almost any type of soil. Flowers were cut the second week in August from our nursery rows, just at the time of the year when flowers as a rule are very scarce.

100 plants each of the three items used in the basket will require an investment of about \$21.00. These 300 plants will furnish you for many years with a good supply of cut flowers for use in various floral arrangements. To the right is a complete description of the respective kinds mentioned above.

ARTEMESIA

Silver King. Unquestionably one of the best and most decorative plants. Its light silver, red stems and foliage are of great value as a filler for bouquets, sprays, baskets, or all sorts of floral pieces. By cutting and drying the stems it is very valuable in the winter for filler. Florists in our district paid high prices for their supplies last winter. It is a showy plant in the perennial border or in any shrubbery. *Hardy in zone 4.*

Per 100 \$1.00 Per 1 \$7.00

LIATRIS

PYCNOTACHYA. A perfectly hardy plant, growing in any soil, and well adapted for the border or for the garden. It is a very useful plant for the winter, as it stands in the garden and can be cut for use in floral pieces. *Hardy in zone 4.*

Per 100 \$1.00 Per 1 \$7.00

HEMEROCALLIS

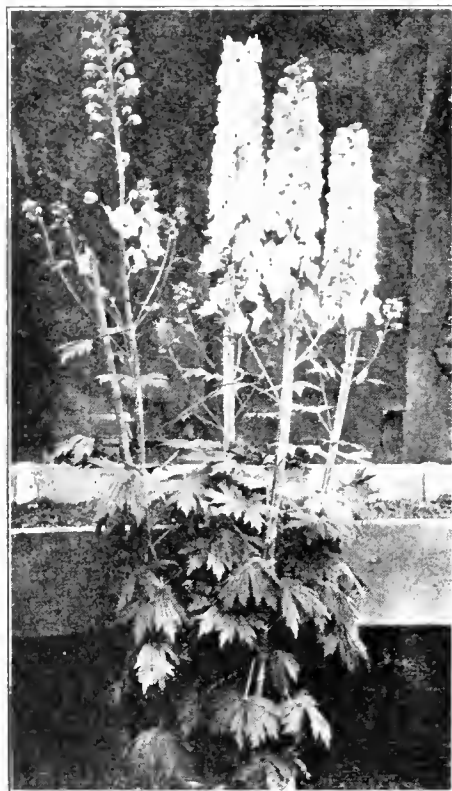

KWANSO FL. PL. Large, double, and very beautiful flowers. It is a very useful plant for the winter, as it stands in the garden and can be cut for use in floral pieces. *Hardy in zone 4.*

Per 100 \$1.00 Per 1 \$7.00

DAISY DOUBLE

"WHITE SWAN"

Here is a Daisy that will compare with the Double Pyrethrums. It produces solid double pure white flowers on good wiry stems from 18 to 24 inches in length. Most of the plants will have from 15 to 20 flowers. Under normal conditions these Daisies usually come into full flower for Memorial Day. 10.....\$2.00 100.....\$15.00

DELPHINIUM

Perennial Larkspur

Indispensable to the herbaceous garden. Their long showy spikes of flowers persist from June till frost and furnish the most satisfactory blues to any color scheme.

NOTE! The varieties "Belladonna" and "Bellamosum" are also desirable for forcing.

Belladonna. The most continuous blooming of all, never being out of bloom from June first until cut down by hard frost. The clear turquoise blue of this is not equalled for delicacy and beauty by any other flowers. 10.....\$1.00 100.....\$7.00

ASTER, HARDY

Climax. One of the best and showiest, with large pyramidal spikes of large light lavender blue flowers. Very free. 5 feet. 10.....\$1.50 100.....\$10.00

BAPTISIA

False Indigo

Australis. A strong growing plant about 3 feet high, suitable either for the border or wild garden with dark green deeply cut foliage and spikes of dark blue, lupine-like flowers; good for cutting. 10.....\$1.00 100.....\$7.00

NEW BUDDLEIA

ILE DE FRANCE

Here is an entirely different Buddleia. For brilliance of color, grace of its flower spikes and uniform habit of growth this new Buddleia greatly surpasses all other varieties. The plants develop into well branched symmetrical bushes 3-4 feet high; the individual flower spikes often measure 10 inches in length, they are brilliant rosy purple with a violet suffusion. Their fragrance adds another feature to their beauty. We offer nice 2-year-old field grown plants. 10.....\$2.00 100.....\$15.00

Belladonna Improved (Cliveden Beauty). Our strain of Belladonna Improved is produced from stock seed of Cliveden Beauty, carefully selected to keep it absolutely pure and true to type. It is far superior to much of the so-called Belladonna Improved that is on the market today. We can thoroughly recommend it to the florist or nurseryman who really is critical and wants the best to be had. It is the finest light blue for forcing or for out-door growing. 10.....\$1.50 100.....\$10.00

Bellamosum. This is a dark blue form of the popular light blue Belladonna, with which it is identical in habit and growth, freedom of bloom, but with intensely rich, deep blue flowers. 10.....\$1.00 100.....\$7.00

Blackmore & Langdon Hybrids. For many years, we have grown many different strains of Delphinium, having in mind to supply our customers with the best obtainable. This strain without a doubt stands in a class by itself. It has the range of colors well divided in the pale shades of indigo with a strong run of the most delicate shades of rose, double and single. 10.....\$1.50 100.....\$10.00

EUPATORIUM

Coelestinum (Hardy Ageratum). A fine perennial closely resembling the Ageratum, flowers a lavender blue, flowering from August to frost. A fine perennial for florists' use. 12 to 24 inches, good cut flower. 10.....\$1.00 100.....\$7.00

GAILLARDIA

Grandiflora. This is considered one of the most beautiful and desirable plants in cultivation, beginning to bloom in June they continue one mass the entire season. A most beautiful combination of colors. Very fine for cutting. 10.....\$1.00 100.....\$7.00

GYPSOPHILA

Baby's Breath

Does well in rather dry places. Valuable for "mist effect" in bouquets and in the garden, where a mass of delicate, misty bloom will fill a bare place.

Bristol Fairy. A Double Gypsophila of greater vigor, producing larger panicles of flowers, and having the advantage of blooming more or less continuously all summer, new branches of bloom appearing after the first flush of flowers has passed, if these are cut. We offer (grafted) 3-inch pot plants. 10.....\$2.00 100.....\$15.00
Strong field roots. 10.....\$2.50 100.....\$20.00

Paniculata (Baby's Breath). A beautiful old-fashioned plant possessing a grace not found in any other perennial and attracting the eye of everyone. Dense spreading bush, numerous tiny flowers in light feathery panicles, delicate foliage, fine for cutting, excellent for border or large rock gardens. July and August. If cut and dried will make excellent filler for winter use. Strong roots. 10.....\$1.00 100.....\$7.00

Paniculata Fl. Pl. A light and graceful cutflower, compatible with all others, no matter of what shape or color; masses of minute double white flowers. Can be used in fresh or dried state. 3-inch pot plants (ready in April). 10.....\$2.50 100.....\$20.00

HELIOPSIS

Double Lemoine Strain. We are growing these for the first time this year from seed. The flowers are exceptionally large for Heliopsis, being somewhat on the flat order. Most of them run a good semi-double. The color is a desirable shade of orange and they are exceptionally good for cutting purposes. They grow to a height of 30 inches. 10.....\$1.50 100.....\$10.00

BLACKMORE AND LANGDON'S DELPHINIUMS ARE WORLD RENOWN FOR THEIR HIGH QUALITY

Perennial Plants (Continued)

PEONIES

For Spring Sales—Strong 3 to 5 Eye Roots

While the commercial grower usually plants Peonies in the fall season there is now a rather keen demand from the public in the spring and to qualify this we have stored, under proper conditions, a choice lot of healthy roots, which, if properly planted, should result in satisfaction to the buyer.

Following is a choice list of the better varieties.	Per 10	Per 100
Felix Crousse. Bright red.....	\$2.00	\$15.00
Karl Rosenfield. Deep red.....	2.00	15.00
Baroness Schroeder. White	2.00	18.00
Avalanche. White	2.00	16.00
Mme. Ducel. Pink.....	2.00	15.00
Mon's Jules Elie. Pink	2.00	16.00
Sarah Bernhardt (Apple Blossom). Pink.....	3.00	25.00
Souv. DeChas Gombault. Tricolor.....	2.00	18.00
Chas. McKellipp. Deep red.....	2.00	18.00
Pres. Taft (Hydrangea). Pink.....	3.00	25.00
Peonies under color—Red, pink or white.....	1.50	12.00

PYRETHRUM (Painted Daisies)

Roseum Hybridum. Very hardy and one of the choicest of perennials. The attractive fernlike foliage is interesting when the plants are not in bloom and the flowers ranging from pure white through shades of pink to deep crimson are beautiful on the plant or as cut flowers. They flower the last of May and through June. 10.....\$1.00 100.....\$7.00

RUDBECKIA

Purpurea. Peculiar reddish-purple flowers with a very high, large brown cone-shaped center, on 2 to 3 feet stems. July to October. A splendid plant for the border. 10.....\$1.00 100.....\$7.00

SCABIOSA Pincushion Flower

Handsome border plants, succeeding in any ordinary soil if well drained, in a sunny location, and should be grown in every garden where cut flowers are wanted; they last a long time when picked and placed in water.

Caucasica (Blue Bonnet). A soft and charming shade of lavender; commences to bloom in June, throwing stems 18 to 24 inches high until September. 10.....\$1.50 100.....\$10.00
Gt. Isaac House Hybrids. A fine strain of extra large flowered blue shades. 10.....\$2.00 100.....\$15.00

STATICE Great Sea Lavender

Latifolia. A most valuable plant either for the border or rockery with leathery leaves and immense candelabra-like heads, frequently 1½ feet high and 2 feet across, of purplish-blue minute flowers during July and August; these, if cut and dried, will last in perfect condition for months. 10.....\$1.50 100.....\$10.00

THERMOPSIS

Caroliniana. A lovely lupine-like plant with rich green foliage growing about two feet high. In June and July, yellow pea-like flowers are produced in racemes, six to twelve inches long. The general appearance is that of a yellow lupine. 10.....\$2.00 100.....\$15.00

TUNICA Coat Flower

Saxifraga Fl. Pl. Pink flowers in the greatest profusion. 2-inch pots. 10.....\$2.00 100.....\$15.00

New Gypsophila "Bodgeri"

TRITOMA Red Hot Poker

Pfitzeri. Rich orange-scarlet blooms borne on stems 3 feet high, very attractive for mass planting or singly in the border. In bloom from August to October. Succeeds in any garden soil, but responds quickly to liberal feeding. Must be protected in winter.

10.....\$1.50 100.....\$10.00

For Complete Listing of Perennial Plants. Please Consult Our "Special Hardy Plant Catalogue" Copy Mailed Free After February 15, 1937—A.B.C.

NEW GYPSOPHILA "BODGERI" (See Illustration)

Destined, we believe, to become as popular as the well-known Gypsophila "Bristol Fairy." You can cut flowers with 12-inch stems and the beauty about this new plant is that it does not seem to have a rest period, blooming all summer long. Opening white, the blooms change in a few days to flesh pink. In cool weather in the fall all flowers are bright pink. Perfectly hardy and highly recommended for cutting.

2¼-inch pot plants ready March, 1937. 10.....\$2.00 100.....\$15.00

HYDRANGEAS

Varieties Best Suited to the Florist Trade.

(4-inch, 5-inch, 6-inch and 7-inch pots)

For Fall 1937 Delivery. (Prices on application.)

POLYANTHA, OR "BABY ROSES" XXX Forcing Grade

Red and pink, salmon, etc. (Prices on application.)

CLIMBING ROSES XXX Forcing Grade

Dorothy Perkins. Shell-pink.

Eugene Jacquet. Large clusters of bright red double flowers.

Paul's Scarlet Climber.

Marie Gouchalt. Brilliant light red and salmon-pink, etc.

SPIRAEA (Astilbe Clumps)

The old-time favorite pot plant for Easter and Mother's Day blooming. Pink and white varieties in best named sorts.

Note! It is important that roots be frozen before potting. Grow 90 days for Easter flowering; grow 75 days for Mother's Day flowering.

KOREAN VARIETIES

We wish to call your attention to the following selections of Korean Chrysanthemums. Needless for us to go into detailed explanations as to their beauty. The Korean varieties are distinct from the regular type of Chrysanthemums, due of course to their new shades of colors. All of these introductions were selected, having in mind to give the customers an entirely new race of Chrysanthemums with new colors.

This assortment has been received with the greatest of enthusiasm and to date there has not been enough produced to fully take care of the very lively demand. This year our grower is propagating very large quantities, all from

strong established field grown plants which of course, are disease free.

Cuttings will be ready for shipment from February on, and 2" pot plants from April 1st on. This set of Korean Chrysanthemums is very popular and the demand is still ahead of production. Last year it was impossible for us to take care of the demand. This year our production will be greater. However, it is important that you make reservations.

KOREAN VARIETIES

Apollo. Superb autumn color, a sparkling combination of bronze, red, and gold suffused with glowing salmon. The single flowers are 2 inches across.

Ceres. A lovely combination of old-gold, chamois yellow, and soft coppery bronze. The mature flowers appear as if dusted with gold.

Daphne. Altogether a new shade of pink. It is an exquisite blending of Daphne-pink, with an underlying sheen of lilac-rose, enhanced with prominent golden stamens in the center. The flowers measure about 3½ inches in diameter.

Dazira. When first opening the flowers are a delicate pink but eventually turning to white. The single flowers measure about 2¼ inches in diameter.

Diana. Chantenay-rose-pink, mingled with lilac-rose to soft salmon, the tones of which vary with the degree of light.

Innocence. An effective dwarf growing hybrid for rockery or border. The single flowers measure 2½ inches across which at first are pure white but later change to soft pink.

Mars. Deep amaranth-red changing to wine-red, overlaid with a velvety sheen.

Mercury. The nicely formed, 3-inch single flowers open bronze red and change to coppery bronze as they mature.

R. C.....10...80c 100...\$6.00 1000...\$50.00

KOREAN VARIETIES (Cont.) 1936 Introductions

(It Is Claimed That This Is the World's Best Collection)

Clio. Dwarf compact plant of pleasing habit producing masses of deep carmine-rose duplex flowers.

Hardy Chrysanthemum "Korean Type"

KOREAN VARIETIES (Cont.)

Fortuna. Very vigorous plant of medium height and covered with unique curly petaled ox-blood flowers 3-4 inches in diameter.

Hestia. The nicely formed semi-double flowers are very delicate rose-pink with a white halo around the small yellow disc.

Juno. Single flowers opening a coppery red and fading with age to a salmon flesh.

Niobe. Flowers over 2½ inches in diameter of clear glistening white with yellow disc are freely produced fully covering the plant.

Nysa. The color of the flowers is a clear rosy-lilac. They measure about 3 inches in diameter.

Psyche. Single blooms are from 4-5 inches across and are of a clear lively shell pink.

Sappho. Compact dwarf plants covered with good sized pure yellow single flowers.

Thalia. The duplex flowers are of a lively orange shade and excellent form.

Vesta. The flowers are of a deep golden orange shade almost duplex and measure about 2½ inches in diameter.

"KOREAN" CHRYSANTHEMUMS HAVE BECOME EXTREMELY POPULAR WITH THE TRADE

Begonia "Marjorie Gibbs"

Early orders for Begonias "Marjorie Gibbs" and "Melior" will, we believe, obviate the possibility of buyers being disappointed later on.

The New Double Begonia "Westport Beauty"

A new, outstanding Begonia of semperflorens type, with perfectly double flowers which do not drop.

The large rose-pink flowers are carried in graceful clusters of eight or ten, and are produced in great profusion.

The result of a cross between Begonia multiflora and Begonia semperflorens, "Westport Beauty" is practically ever-blooming. A well-flowered plant may be had in a three-inch pot, while by keeping the buds picked off, it can be grown to six-inch size.

Making an exceptionally pretty pot plant, of easy culture, it will prove invaluable for holiday sales, especially for Mother's Day.

As a bedding plant, "Westport Beauty" tops all other Begonias.

Easily propagated by cuttings, it grows rapidly with no more care than required by bedding Begonias.

Awarded: Certificate of Merit at The Chelsea Show, England, May, 1936.

First Prize at the Dresden Exposition, Germany, 1936.

Price—2½-inch pot plants: 100.....\$30.00 1,000.....\$250.00

This novelty is offered without any patent restrictions and at a reasonable price, we can not accept any orders for less than \$30.00. Delivery from February, 1937. All orders filled in rotation.

BEGONIAS

"Marjorie Gibbs," "Melior" and "Lady Mac". Produced by a specialist. 2¼-inch plants for delivery May-June, 1937.

Prices on application. Early orders advisable, especially for "Marjorie Gibbs".

CALCEOLARIAS

From 2¼-inch pots. Fall, 1937, delivery. Produced by a grower who is fully conversant with the "know-how" of producing plants that satisfy.

100

25 at 100 rate

TABLE FERNS (SEEDLINGS) IN FLATS

FOR JUNE DELIVERY

These flats contain about 200 plants each, only one variety being in a flat, and we cannot supply less than a full flat of any one sort.

Adiantum Cuneatum	Pteris Rivertoniana
Aspidium Tsussimense	Pteris Serrulata
Cyrtomium Rochfordianum Compactum	Pteris Serrulata Cristata
Pteris Adiantoides	Pteris Tremula
Pteris Alexandrae	Pteris Victoriae
Pteris Argyraea	Pteris Wilsoni
Pteris Cretica Albo Lineata	Pteris Wimsetti
Pteris Magnifica	Pteris Wimsetti Multiceps
Pteris Mayi	

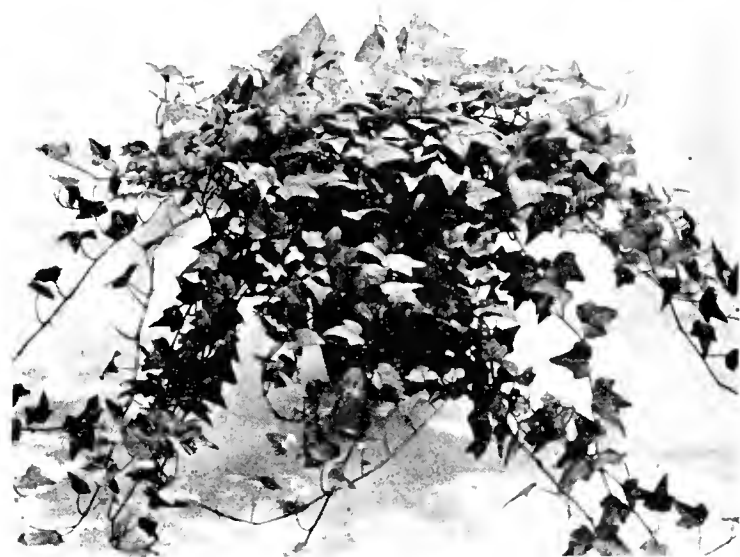

Any of the above varieties at \$3.50 per flat. 10 flats or more at \$3.25 per flat. We cannot supply less than a full flat of a variety.

PELARGONIUM

"Azalea." Rosy red. Two upper petals darker with blotches and lighter colored lower petals. Free bloomer and very large flowers and clusters. Strong grower. A great favorite with the trade. 2 1/4-inch. Per 100.\$10.00

PHILODENDRON CORDATUM

This climbing genus has been taken up by the florists' trade in a large way, since this plant adapts itself unusually well to the unnatural conditions of the average home better than most any other plant. A very large demand has ensued from the public. It is particularly suitable for sun parlor decoration, but does equally well in any part of the house, even in comparatively dark situations. Can be grown successfully in pots or hanging baskets, but seems particularly "happy" in wall pockets.
2 1/4-inch pots (25 at 100 rate), 100.....\$8.00

Hahn New Branching Ivy

HAHN NEW BRANCHING IVY

This small-leaved English Ivy has become "A one best seller" with the plant trade throughout the country. Many repeat orders for same during the past year suggest that "Hahn's New Branching Ivy" has become a great favorite with the public—a sample shipment will, we believe, convince you of its value. Easily propagated.

SPECIAL NOTE: WE ADVERTISE SEASONABLE PLANT ITEMS IN CLASSIFIED PAGES OF THE FLORIST'S REVIEW FROM TIME TO TIME DURING THE YEAR AND BELIEVE YOU WILL FIND IT WORTH WHILE TO OBSERVE THE SAME.—A. B. C.

A. B. C. "Supreme" Quality Miscellaneous Spring Bulbs

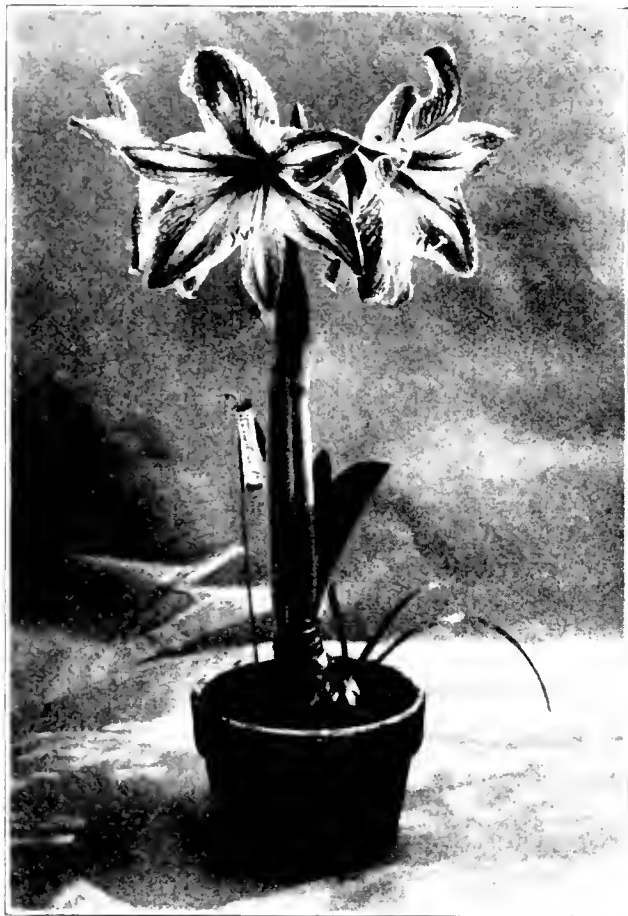

TUBEROUS-ROOTED BEGONIAS "True Belgian Strain"

For Pot Plants and Bedding. Also the Double Forms are desirable as cutflowers (the stems to be wired).

An early-flowered batch of the showy Tuberous-Rooted Begonias will always be appreciated. And as the tubers are offered either in separate colors or in mixture at reasonable rates, there is no reason why every country florist doing a retail business should not handle a few of them. Both double and single-flowered types may be had. The tubers when received may either be potted at once in a mixture of loam, extremely old manure and sand or placed in peat moss on a bench and lightly sprayed until the top growth and roots start. Usually 4-inch pots will answer well for the tubers, although if larger plants are desired, they can later be given a shift.

These Begonias will grow better if kept fairly warm at this season, 55 degrees at night not being too much. Avoid wetting the foliage as much as possible, and later in the season, as the sun grows in power, some shading during the hottest part of the day will prove beneficial. Not only are the large-flowered Begonias useful as potted plants, but later they are excellent to plant in window or porch boxes where there is considerable shade, as well as for bedding out in positions that are so shady other bedding plants will flower little if at all.

Florists on the West Coast recently found a profitable outlet for Double Tuberous Begonia blooms by utilizing them for corsages and table decoration (the stems being wired). This new fashion is now sweeping the country, the flowers commanding a price on a par with that of Orchids and Gardenias.

Amaryllis, Giant American Hybrid

PRICES OF TUBEROUS-ROOTED BEGONIAS

Single or Double Varieties in the following colors: Crimson, Rose, Scarlet, Pink, Yellow, Orange, Salmon, White:

	100	1000
1" to 1½"	\$ 5.50	\$ 50.00
1½" to 2"	8.00	75.00
2" and up	11.00	100.00

Hanging Basket Varieties—Double Camelia Type (Crispa), single frilled; also Pendula or Lloydii (Hanging Basket):

	100	1000
1" to 1½"	\$ 5.50	\$ 50.00
1½" to 2"	8.00	75.00
2" and up	11.00	100.00

1¼" to 1½", 100.....	\$7.50	1½" to 2", 100.....	\$8.50
----------------------	--------	---------------------	--------

AMARYLLIS Giant American Hybrids

The value of Amaryllis depends on the quality of the strain. We buy our bulbs from several sources of known reputation, and mix these strains ourselves, thus making certain that you get the best obtainable. Every bulb we ship is of flowering size and many produce more than one flowering stem.

	Dozen	100
Jumbo bulbs.....	\$4.00	\$25.00
Mammoth bulbs.....	2.75	20.00
Select bulbs.....	2.25	15.00

Amaryllis find a ready sale to the public in dry bulb form. Their extreme ease of culture commends them to every flower lover, coming into flower within a short period of being potted. Likewise they are admirable for florists' show window decoration and pot plant sales.

Double Flowered Tuberous Rooted Begonia

Strong Northern Texas Grown—True to Name Large Flowering Cannas

DORMANT ROOTS, 3 to 5 Eyes

Ambassador. Brilliant red, bronze foliage; 4 feet.

A distinguished looking Canna. Flowers vivid cherry-red; has luxurious tropical foliage prettily bronzed and makes a splendid color contrast with its brilliant blossoms.

City of Portland. Deep pink. Green foliage. 3½ feet. Extra good flower. Does not fade.

Hungaria. 3½ feet. La France pink.

King Midas. Clear yellow, green foliage. The finest and largest yellow Canna in existence.

Mrs. Alfred Conard. One of the very best Cannas in commerce today. Large, exquisitely shaded salmon-pink flowers are produced in great abundance on robust, upright stalks. We consider this as superior to all pink flowered Cannas. 4 feet.

King Humbert. This remarkable Gold Medal Canna has been the sensation of the past ten years and is the greatest favorite today. Handsome, broad, tropical foliage. Scarlet flowers; bronze leaves. 4 feet.

Yellow King Humbert. 4 feet. An orchid-flowering sport of the well-known King Humbert. Flower a deep, rich yellow, softly spotted and blotched with bright red. Some plants occasionally give a scarlet or scarlet striped flower, which we consider an improvement rather than a detriment. Green foliage.

The President. 4 feet. This immense new flaming scarlet has come into wider use more quickly than any other Canna. The President leads the red varieties in the quality and also the quantity of its bloom. The foliage is rich green and burn-proof in the hottest weather.

All the following varieties offered at the special low price of: 100.....\$4.00 1000.....\$32.00

Canna, The President

The Last Word in Red-Flowered, Green Foliage, Large-Flowering Cannas.

FANCY LEAVED CALADIUMS

True Brazilian Type

There are no finer colored foliage plants for summer use, splendid for the conservatory and equally good for porch boxes outdoors in shaded places. The stock offered is grown for us by the leading specialist in this line and represents only the choicest highly colored varieties.

LILIES GROWN AS POT PLANTS

Numerous Growers Have Found *Liliums Auratum*, *Magnificum*, *Tenuifolium* and *Tigrinum* to Prove Profitable when Grown as Pot Plants . . . Especially "Magnificum."

A. B. C. LILY HEADQUARTERS

LILIUM TENUIFOLIUM

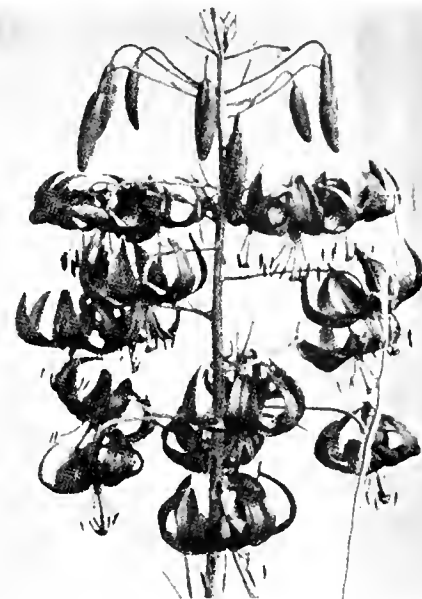

This most desirable narrow-leaved slender Lily grows about 18 inches high, producing pendulous flowers somewhat resembling miniature *Lilium Rubrum*, and are brilliant scarlet, flowering outdoors in June. They should be planted about 4 inches deep and 3 inches apart.

For under-glass culture they can be planted in a Darwin tulip bulb pan, set 4 inches deep, since they are a stem rooting type. They come into bloom in approximately 14 weeks. Also, owing to their slender stems and fine, narrow foliage, *Lilium Tenuifolium* can be planted between carnations right in the benches.

Bulbs of *Lilium Tenuifolium* are now obtainable at a low price, and we believe that florists will find them profitable, especially growers who operate in conjunction a retail store, as they are exceptional for basket work, etc.

PRICES: Strong blooming bulbs — 100.....\$8.00 1000.....\$75.00

Write for special price on quantity.

Lilium Tenuifolium

Lilies work so wonderfully well into a great variety of basket designs that it will pay you to have a good planting of several varieties we believe.

The Regale Lily

THE REGALE LILY—True Northern Grown

The flowers are white, slightly suffused with pink, with a beautiful shade of canary-yellow at the center, blending out part way up the trumpet; the fragrance is fascinating.

PINK AND ROSE SHADES

First Size (All 1½" up)

Second Size (All 1¼" to 1½")

Mildred Louise (New). Pure deep salmon-pink; petals tipped strawberry-pink, blending to piny yellow in throat, with faint spectrum penciling. The stem is tall, strong, flexible, but not clubby; very large wide-open florets faced and spaced exceptionally well. 16-22 buds to spike. One of the earliest varieties.

1st Size. 100.....\$6.00	1000.....\$50.00
2nd Size. 100..... 5.00	1000..... 40.00

Mrs. Frank Pendleton. The petals show beautiful rose-pink with deep, rich velvety blood-red blotch on the lower petals. Very popular with florists.

1st Size. 100....\$2.10	1000....\$16.00
2nd Size. 100.... 1.90	1000.... 14.00

Mrs. P. W. Sisson (New). This is without doubt one of the most beautiful, softest light-pink Glads ever introduced. Large flowers, and five or six open at one time.

1st Size. 100....\$2.30	1000....\$18.00
2nd Size. 100.... 2.10	1000.... 16.00

Pride of Wanakah (New). Fine deep-rose with a deeper blotch in throat.

1st Size. 100.....\$2.10	1000.....\$16.00
2nd Size. 100..... 1.90	1000..... 14.00

Remembrance. Deep rose with throat of carmine. Ruffled.

1st Size. 100.....\$2.00	1000.....\$15.00

Rose 1910. Early, rose-pink; very desirable cut-flower.

1st Size. 100.....\$1.90	1000.....\$14.00
2nd Size. 100..... 1.60	1000..... 11.00

Rose Luisante (Prim). Shell pink, cream throat.

1st Size. 100.....\$1.90	1000.....\$14.00
2nd Size. 100..... 1.60	1000..... 11.00

PICARDY

A most sensational flower. This fine Gladiolus, the individual florets all extremely large, slightly ruffled and of heavy wax-like substance, has created a sensation practically every time exhibited. "Picardy" is unquestionably one of the most outstanding recent introductions. Color: Soft shrimp pink, without flecking. Blotch of light flesh pink. Though gigantic in size, Picardy is anything but coarse. See illustration on first Gladiolus page in this book.

1st Size. 100....\$2.30	1000....\$18.00
2nd Size. 100.... 2.00	1000.... 15.00

See Inside Back Cover for Colored Illustration of Picardy

PINK AND ROSE SHADES

EARLY ORDERS FOR GLADIOLUS BULBS WILL, WE BELIEVE, PROVE MUTUALLY ADVANTAGEOUS

Temperature for Forcing Gladiolus

The best temperature is carnation house temperature (50 to 52 degrees Fahrenheit). Cooler temperatures to start with are satisfactory, as the gladiolus starts slowly and will not take kindly to any increase in heat before the bud shows, except the natural increase in heat which the sun gives during light winter days and in spring.

"California Sunshine" Very Popular
on the Pacific Coast

A. B. C. "Supreme" Quality GLADIOLUS

Annual Production—Approximately Fifteen Million Bulbs

LAVENDER, VIOLET AND BLUE SHADES

First Size (All 1½" up)

Second Size (All 1¼" to 1½")

Anna Eberius. Dark velvety plum-rose, throat deeper shade.

FORCING GLADIOLUS

The care of the gladiolus after they are started is very simple. Clean culture and careful attention to watering, and caution in not trying to hurry with additional heat is about all that need be mentioned. Exact timing of gladiolus is not practical, but they have a special merit as a cash crop for planting any time between January 15th and March 30th.

Gladiolus planted in March will come into bloom in a less number of days than those planted in January. Late January planted bulbs, on an average, will require about 115 to 120 days to come into bloom. Late February plantings will require about 90 to 100 days. Often the same variety of bulbs planted January 15th to February 15th will come into bloom about the same time. The percentage of blindness is greatly increased in the early plantings. For this reason, it is unwise to plant before January 15th. The use of electric light mornings and evenings will not cost more than additional heat and will hasten flowers and help prevent blindness.

Do not rely on one variety as it has been proved that with the gladiolus the very one that does the best one year may prove disappointing another, so it is best to have several varieties. It is also wise to treat the bulbs before planting with corrosive sublimate. The standard formula is 1 ounce to 8 gallons of water. Wooden or earthenware containers only can be used. Bulbs should be left in solution 2 to 3 hours and dried off somewhat before planting.

DEPEND ON AMERICAN BULB FOR YOUR GLADIOLUS NEEDS

"PICARDY"

The "Queen" of the Gladiolus Family

Ours is the original strain—the dark salmon-apricot color that has carried "Picardy" to the all-time top for cut flower Glads. Immense flowers on long spikes. The most amazing blooms in the flower world today, acclaimed by the trade, and public as well, as the "ideal" Gladiolus both for exhibition and cut flowers. "Picardy" is the most vigorous and tremendous propagator in the whole long list of named Gladiolus, consequently bulbs of this exceptional variety are now priced at a figure within the reach of all.

Excerpt from Florists' Review
July 30, 1936

"Glads" of Picardy

Not since the introduction of the renowned Mrs. Phipps has any gladiolus claimed the favor of cut flower buyers in the Chicago market as has Picardy. The apricot salmon color pleases everybody. The flowers open freely to an immense size and spikes can be cut open and will keep exceptionally well in long-distance shipping. Picardy's reception has exceeded the fondest hopes of its sponsors. This season, retailers paid top prices of \$2 to \$2.50 per dozen for the greenhouse-grown flowers. Last week, outdoor Picardy was ready in local plantings and sales of fancy, long spikes were made at \$1 to \$1.50 per dozen. Picardy grows to four feet outdoors. It is probably the easiest propagator of the entire list. The future of Picardy seems assured.

August 6, 1936

Reporting Chicago Market

Strictly fancy gladoli were well cleared last week. The wide spread in prices reflected the variations in quality. Low-grade gladoli were offered at \$2 per hundred or less without effecting clearances; selling freely, however, were longer, clean spikes from the irrigated plantings, at \$3 to \$6 per hundred; taken quickly for decorations or fancy presentations were the specimen spikes of **Picardy** and equivalent varieties at \$1 to \$1.50 per dozen. Gladoli never brought prices like these before in summer months, but, then, the buyers say there was never a gladiolus like **Picardy**.

Sept. 17, 1936, reporting
Minnesota State Fair.

Picardy Unbeatable

Picardy was again unbeatable; this variety won all prizes for salmon pink for F. F. Farrar, the Riverview Gardens, Glen Greaves and Charles Downing, in that order.

PICARDY

The "Queen" of all Gladiolus

Special low prices for True Northern Grown "Picardy" bulbs, clean and healthy:

	Per 100	Per 1000
1st size, 1½ inch and up.....	\$2.30	\$18.00
2nd size, 1¼ inch and up.....	2.00	15.00
25 bulbs at 100 rate. 250 at 1000 rate. Write for prices on quantities.		

Special Note: "Picardy" is equally as valuable for forcing as outdoor culture.
